The authors address the anxiety-inducing world of Common Core State Standards, distilling from those standards four key ideas that help hone teaching practices both generally and in preparation for assessments. This Core of the Core comprises the first half of the book and instructs educators on how to teach students to read harder texts closely, read texts rigorously, and intentionally read nonfiction more effectively and write more effectively in direct response to texts. The second half of *Reading Reconsidered* reinforces these principles, coupling them with the fundamentals of reading instruction, a host of techniques, and subject-specific tools to reconsider how teachers approach such essential topics as vocabulary, interactive reading, and student autonomy. *Reading Reconsidered* breaks an overly broad issue into clear, easy-to-implement approaches. Filled with practical tools, including 44 video clips of exemplar teachers demonstrating the techniques and principles in their classrooms, note for online access of this content, please visit my teachlikeachampion.com.
