Pikuleva, Joseph M. Castellano, 2022-07-01 Evolution Education Re-considered Ute Harms, Michael J. Reiss, 2019-07-16 This collection presents research-based interventions using existing knowledge to produce new pedagogies to teach evolution to learners more successfully whether in schools or elsewhere. Success here is measured as cognitive gains, acceptance of evolution, or an increased desire to continue to learn about it. Aside from introductory and concluding chapters by the editors, each chapter consists of a research-based intervention intended to enable evolution to be taught successfully. All these interventions have been researched and evaluated by the chapter authors, and the findings are presented along with discussions of the implications. The result is an important compendium of studies from around the world conducted both inside and outside of school. The volume is unique and provides an essential reference point and platform for future work for the foreseeable future. **A Complete Course in ISC Biology** V. B. Rastogi, B.
