16 Nated 550 Syllabus:

A Syllabus of the Spermatophyta Earl Lemley Core,1935 **The Fears of Henry IV** Ian Mortimer,2013-05-31 From the saviour of the realm to the subject of multiple attempted assassinations in the space of six years King Henry IV's reign was characterised by his fear and paranoia but above all a continued quest for survival The son of John the Gaunt Henry was seen as a confident well educated generous and spiritually fervent young man And in 1399 having ousted the insecure tyrannical Richard II he was enthusiastically greeted as the new King of England However therein lay Henry's weakness Upon assuming the crown he found himself surrounded by men who would only support him as long as they could control him When they failed they plotted to kill him Long characterised as a treacherous murderer for slaying Richard II Henry IV's achievements as king have been played down throughout history However in this fascinating examination of his reign Ian Mortimer reevaluates what Henry managed to accomplish against all adversity as king Provoking a social revolution as well as a political one he took a poorly ruled nation into a new Lancastrian dynasty and while perhaps not the most glorious king England has ever had he certainly proves to one of the bravest Mortimer has a vivid historical imagination which lends colour and excitement to his pages Literary Review **Resources in Education** ,1982 *Reports* Pennsylvania.
