theorists to offer a sustained analysis of the place of law in Žižek's work. Whether it is with reference to symbolic law, psychoanalytical law, religious law, positive law, human rights, to Lacan's, Hegel's or Kant's philosophies of law, or even to Jewish or Buddhist law, Žižek returns again and again to law. And what his work offers this volume demonstrates is a radically new approach to law and a rethinking of its role within the framework of radical politics. With the help of Žižek himself, who here and for the first time directly engages with the topic of law, this collection provides an authoritative account of Žižek and law. It will be an invaluable resource for researchers and students in the fields of law, legal theory, legal philosophy, political theory, psychoanalysis, theology, and cultural studies.

Haunting Inquiry Robert Nellis, 2009-01-01. The NFB's mandate is to make and distribute films designed to help Canadians in all parts of Canada to understand the ways of living and the problems of Canadians in other parts. NFB Founding Commissioner John Grierson: "It's only by our lack of ghosts we're haunted." Canadian poet Earle Birney. *Haunting Inquiry*: Classic NFB Documentary. Jacques Derrida and the Curricular. Otherwise reintroduces significant if sometimes forgotten National Film Board of Canada documentaries into contemporary curriculum conversation. Author Robert Christopher Nellis employs an inflection of Derridean deconstruction to mobilize historical, political, and intellectual themes emerging from the films as elliptical curricular opportunities. The work explores hauntings in and around the documentaries to open toward Others, neither fully present nor absent within the Canadian imagination. They remain troublingly illicit, as is the character of haunting. This book's contribution to the literature of curriculum is a unique and innovative conceptual framework, reintroduction of many classic NFB documentaries, and the use of a productive language and outlook to mobilize fresh perspectives and hopeful possibilities.

up to date communication technologies These close readings are completed by writings focusing on visual media and expanding the scope backwards and forwards in time roughly to 1800 and to 2000 This exploration will be of great interest to students and scholars in theatre and performance studies
