Alternative Communities in Hispanic Literature and Culture Luis H. Castañeda, Javier González, 2016-09-23 What are Hispanic alternative communities and how are they represented in literature film and popular music This book studies the fictional representation of circles of artists and intellectuals youth gangs musical bands packs of marginal urban dwellers groups of immigrants and other diverse associations that share the common trait of being small and subversive collectives perhaps akin to secret societies plotting to take control of society These groups usually exist within a larger and established community typically the nation state though maintaining with it complicated relations of rivalry criticism outright violence and other forms of antagonism Thus alternative communities represent the other side of official institutions by constituting dystopias that condemn the status quo or by building utopias that point to new social arrangements In the Hispanic world a broad transatlantic space that includes Spain

and Spanish America alternative communities have existed since the 19th century a time of nation building for Spanish American countries all the way to the 21st century when hybrid postnational and cosmopolitan communities begin to appear The seventeen chapters brought together in this volume which constitutes the first systematic approach to Hispanic alternative communities tackle this complex cultural phenomenon from diverse critical perspectives Journal of the Royal Asiatic Society of Great Britain and Ireland ,1837 **Journal of the Royal Asiatic Society of Great Britain & Ireland** Royal Asiatic Society of Great Britain and Ireland,1837 Has appendices **Journal of the Royal Asiatic Society** Royal Asiatic Society of Great Britain and Ireland,1837 **The Honorable** Oliver Akamnonu,2009-07-28 A highly pampered young medical undergraduate whose father had invested so heavily in his education and who was the pride of his parents derails from his course in the university and joins a secret cult In the course of his initiation he discovers to his chagrin that his highly revered father who was one of the economic pillars of the society was indeed one of the secret patrons of the murderous organization He discovers further that his once adored father must have made his billions from the criminal activities of the organization A later chance discovery by the distraught father that his treasured only son was a new entrant into the criminal gang sets off an instant deep seated remorse from the father that was to lead him into violation of the sworn tenets of the organization These tenets included an order never to quit at the level at which he was The reprisals from the evil organization were instant Other beneficiaries of the evil gang and protégés of the absconded kingpin got into governance and were to pollute what was otherwise a highly revered legislative body Greed and avarice were to lead to mutual mistrust and destruction The emergence of a new generation of leaders out of the ashes of virtual Armageddon appeared to hold out some light at the end of the tunnel A new generation new hope a new breath of fresh air were to emerge For a people held down for too long by a cabal that had its fangs thrust so deep into the flesh of the society
