16 Prospector In The University Of Pretoria:

In the Company of Diamonds Peter Carstens, 2001 After the 1925 discovery of diamonds in the semi desert of the northwest coast of South Africa De Beers Consolidated Mines Ltd virtually proclaimed its dominion over the whole region In the town of Kleinsee the company owns all the real estate and infrastructure and controls and administers both the town and the industry Peter Carstens s *In the Company of Diamonds* draws a stark and startling portrait of this closed community one that analyzes the power and hegemonic techniques used to acquire that power and maintain it As a prototypical company town Kleinsee is subordinated to the industry and will of the owners Employees and workers are variously differentiated and ordered according to occupation ethnic variation and other social criteria a pattern reflected most markedly in the allocation of housing Managers live in large ranch style houses while contract workers are lodged in single sex compounds As a community type company towns like Kleinsee are not entirely unique and Professor Carstens successfully draws a number of structural parallels with other closed and incomplete social formations such as Indian reservations military bases colleges prisons and mental hospitals Compliance with International Human Rights Law in Africa Aderomola Adeola, 2022-02-03

This collection of essays in honour of Frans Viljoen shines a light on the increasingly important place of compliance in international law With essays from leading scholars in the field of international human rights law this festschrift provides compelling analysis of the nature of compliance in the African human rights context the challenges that affect its place in these legal systems and the ways in which increased compliance can be achieved The volume is divided into three parts exploring theoretical perspectives thematic perspectives and institutional perspectives Each in turn helps to build a picture of theory and practice charting the historic developments of human rights law with several case studies to illustrate Contributors provide detailed comparison with other national legal systems such as the Inter American IACHR and Court placing these reflections in their global comparative context The work concludes by considering the ways in which challenges can be overcome to achieve increased compliance with international human rights law in Africa *Compliance with International Human Rights Law in Africa* is not only a work to honour the contributions of Frans Viljoen but is also an invaluable resource for researchers practitioners and policy makers in the field of international human rights law
