Capitalism for All Neil E. Harrison,John Mikler,2022-01-01 Capitalism has lost its glamor In just three decades since it defeated a totalitarian Soviet Union capitalism is today blamed for slowing growth a dangerously changing climate inequality social misery and a rise in nationalist populism How did capitalism fall so far from grace Capitalism for All show how quite simply the governments of the world s wealthiest countries have forgotten capitalism s initial purpose It was born out of a liberal philosophy that values the competition of ideas and goods in the service of social progress while respecting the individual and preventing excessive power Yet with the aid of governments giant corporations or MegaCorps have usurped power dominated markets and reduced competition The result is not liberal capitalism but what Neil E Harrison and John Mikler term CorpoCapitalism which results in an unhappy populace seeking radical political change while challenges like climate change continue to race forward largely unchecked Capitalism for All explores how CorpoCapitalism came to be argues that it is not inevitable and explains how governments can wrest back power and create a capitalism for all
