Zimbabwe's Trajectory V. Masunungure, 2020-11-11 At Independence in 1980 Julius Nyerere called Zimbabwe the jewel of Africa and cautioned its new leaders not to tarnish it Tragically they paid no heed to Africa's esteemed elder statesmen Arguably and only if one ignores the carnage of Gukurahundi the first decade was a developmental one with resources being used prudently to benefit the formerly disadvantaged majority population However the 1990s witnessed a transition from a developmental to a predatory leadership which saw Zimbabwe cross the millennial line in crisis where it has remained ever since While many African countries have moved forward over the last three decades Zimbabwe has gone relentlessly backwards save for the four year interregnum of the tripartite coalition government 2009-2013 Virtually all development indicators point in the wrong direction and the crisis of poverty unemployment and the erosion of health education and other public goods continues unabated The imperatives of political survival and power politics supersede those of sound economics and public welfare Moreover unless good politics are conjoined with a sound people first policy the country will continue sliding downhill Zimbabwe's Trajectory tells the story of the country's post independence dynamics and its recent descent into becoming one of the three most unhappy countries in the world **Zimbabwe's Economy** Kenneth Mahuni, James Zivanomoyo, Puruweti Siyakiya, Simba Mutsvangwa, 2025-02-17 This book traces the economic history of Zimbabwe from independence to the present day Through a comprehensive historical examination it highlights the short lived successes in the early years after independence and the dwindling colonial economy as well as the economic problems of the decades that followed The authors identify crucial flaws in the country's economic policies and highlight several dilemmas in the implementation of policies that exacerbated the country's deep seated structural problems The book provides deep insights into the economic and social realities of post colonial states in Africa and offers important lessons for other African countries

ZUNDAF 2016-2020 ,2015 Law & Investment in Africa Tinahse Kondo,2021-04-19 Zimbabwe has had a chaotic foreign direct investment FDI regime This has created the need for a detailed volume on the most important developments around the protection and treatment of FDI at not only a domestic level but also at bilateral regional and international levels The author argues that while Zimbabwe has now harmonised previously scattered legislation under the Zimbabwe Investment and Development Agency Act Chapter 14:37 and taken measures to reverse to varying degrees controversial policies such as the land reform programme and the Indigenisation and Economic Empowerment Policy scepticism still prevails over the investor friendliness of the FDI regime in Zimbabwe **Locally Relevant ICT Research** Kirstin Krauss,Marita Turpin,Filiste Naude,2019-01-17 This book constitutes the refereed proceedings of the 10th International Development Informatics Association Conference IDIA 2018 held in Tshwane South Africa in August 2018 The 20 revised full papers presented were carefully reviewed and selected from 61 submissions The papers are organized in topical sections on ICT adoption and impact mobile education e education community development design innovation and maturity data **Urban Geography in Postcolonial Zimbabwe** Abraham R. Matamanda,Verna Nel,Innocent Chirisa,2021-05-07 This interdisciplinary book provides a cross sectoral and multi dimensional exploration and assessment of the urban geography perspectives in Zimbabwe Drawing on work from different disciplines the book not only contributes to academia but also seeks to inform urban policy with the view of contributing to the national aspirations of Zimbabwe attaining middle income status by 2030 Adopting a multi dimensional assessment that transcends disciplines such as urban and regional planning human and physical geography urban governance political science economics and development studies the book provides a background for co production concerning urban development in the Global South The book contributes into its analysis of the institutional and legislative framework that relates to the urban geography of Zimbabwe as these are responsible for the evolution of the urban system in the country The connections among different sectors and issues such as environment economy politics and the wider objectives of the SDGs especially goal 11 aspiring to create sustainable communities by 2030 are explored The success stories relating to urban geography in Zimbabwe are identified together with the best possible practices that may inform urban planning policy and management *Making Politics in Zimbabwe's Second Republic* Gordon Moyo,Kirk Helliker,2023-05-16 The book provides a fresh and innovative interpretation of the new government of Zimbabwe led by Emmerson Mnangagwa which emerged in late 2017 after the downfall of Robert Mugabe It demonstrates the contradictory character of the Mnangagwa government involving both continuities and discontinuities in relation to Mugabe's regime The temptation amongst Zimbabwean scholars has been to focus on the continuities and to dismiss the significance of any discontinuities notably reform measures This book adopts an alternative approach by identifying and focusing specifically on the existence of a formative project of the Mnangagwa's Second Republic further analysing its political significance as well as risks and limitations While doing so the book covers topics such as reform measures

reconciliation transitional justice corruption the media agriculture devolution and the debt crisis as well as health and education Discussing the limitations of these different reform measures the book highlights that any scholarly failure to identify the risks of the project leads to an incomplete understanding of what constitutes the Mnangagwa s Second Republic The book appeals to students scholars and researchers of Zimbabwean and African studies political science and international relations as well as policymakers interested in a better understanding of political reform processes **SADC Gender**
