2016 Vut Prospector:

Managerial Leadership for Librarians G. Edward Evans, Holland Christie, 2017-10-11 Putting library management into the unique context of the not for profit world this work offers you invaluable guidance on how to manage your library effectively Managing a library presents a significantly different challenge than managing a small business a corporation or even a school or charity organization To be effective managers and excel in their careers librarians must understand their unique position in the social landscape and leverage that role to become influential leaders This guide shows librarians how to make the most of their inherent skills and develop new leadership strengths in order to become better library managers advance their careers and sustain their libraries in spite of changing environments and shrinking budgets The book examines many facets of managerial leadership defines what managerial leadership is and describes how to assess and increase leadership skills The chapters also identify the constraints unique to libraries and explain how you can develop positive relationships with government boards turn a vision into a practical strategic plan and exercise fiscal control You will gain invaluable knowledge about fund raising developing political skills advocacy and lobbying and legal and ethical concerns specifically in the library environment The final section of the book is devoted to people skills understanding yourself and others developing staff collaboration negotiation meetings and presentations and creating future success

Archaeologies of Hitler's Arctic War Oula Seitsonen, 2020-10-29 This book discusses the archaeology and heritage of the German military presence in Finnish Lapland during the Second World War framing this northern overlooked WWII material legacy from the nearly forgotten Arctic front as dark heritage a concrete reminder of Finns siding with the Nazis often seen as polluting war junk that ruins the pristine natural beauty of Lapland's wilderness The scholarship herein provides fresh perspectives to contemporary discussions on heritage perception and ownership indigenous rights community empowerment relational ontologies and also the ongoing worldwide refugee crisis

Heart of Stone James W. Ziskin, 2016-06-07 WINNER OF THE ANTHONY AWARD for Best Paperback Original WINNER OF THE MACAVITY SUE FEDER MEMORIAL AWARD for Best Historical Fiction A 2017 EDGAR AWARD NOMINEE In the waning days of a lazy August holiday Ellie Stone is enjoying a bright Adirondack lake morning Nearby two men plummet to their deaths just a few feet short of the water of a dangerous diving pool A tragic accident it seems But the police quickly establish that the two victims one a stranger to the lake and the

other a teenaged boy from a nearby music camp surely didn't know each other. So how did they come to die together? Wading into a slippery morass of free love intellectuals and charismatic evangelicals, Ellie's investigation forces her to navigate old grudges and cold war passions, lost ideals and betrayed loves. As usual, she sticks her nose where it's unwanted, rattling nerves and putting herself in jeopardy. But this time it's her heart that's also at risk.

Mineral Exploration Swapan Kumar Haldar, 2018-07-14

Mineral Exploration Principles and Applications Second Edition presents an interdisciplinary approach on the full scope of mineral exploration. Everything from grass root discovery, objective base sequential exploration, mining, beneficiation, extraction, economic evaluation, policies and acts, rules and regulations, sustainability and environmental impacts is covered. Each topic is presented using theoretical approaches that are followed by specific applications that can be used in the field. This new edition features updated references, changes to rules and regulations, and new sections on oil and gas exploration and classification, air core drilling and smelting and refining techniques. This book is a key resource for both academics and professionals, offering both practical and applied knowledge in mineral exploration. Offers important updates to the previous edition, including sections on the cyclical nature of mineral industry exploration for oil and gas, CHIM, electro geochemical survey, air core drilling, classification of oil and gas resources, smelting and refining technologies. Presents global case studies that allow readers to quickly apply exploration concepts to real world scenarios. Includes 385 illustrations and photographs to aid the reader in understanding key procedures and applications.
