Koontz, 2014-07-31 The latest craze in Bible prophecy is the four blood moons and the Lord's feast days No doubt these are

important biblical signposts However these signposts do not provide the all important context of relating to the timing of any specific biblical event i e rapture of the church Antichrist signing the seven year covenant with Israel and what do the four blood moons mean with regard to being a harbinger or heralding a significant event in Israel s history In this riveting book James Koontz examines what the great sign means with regard to providing context for the four blood moons and the Lord s fall feasts Since Christ s resurrection and ascension the all important question for His disciples and for many of us now is when is Christ coming back for His bride Additionally when will the Antichrist sign the peace covenant with Israel when will the great tribulation begin and when will Christ s second coming be These are all very important questions that the great sign helps us understand being the key to unlocking Bible prophecy in our time Burned Alive Gerald R.
