Admission At Makerere University 2016:

Progress in Industrial Mathematics at ECMI 2016 Peregrina Quintela, Patricia Barral, Dolores Gómez, Francisco J. Pena, Jerónimo Rodríguez, Pilar Salgado, Miguel E. Vázquez-Méndez, 2018-03-26 This book addresses mathematics in a wide variety of applications ranging from problems in electronics energy and the environment to mechanics and mechatronics Using the classification system defined in the EU Framework Programme for Research and Innovation H2020 several of the topics covered belong to the challenge climate action environment resource efficiency and raw materials and some to health demographic change and wellbeing while others belong to Europe in a changing world inclusive innovative and reflective societies The 19th European Conference on Mathematics for Industry ECMI2016 was held in Santiago de Compostela Spain in June 2016 The proceedings of this conference include the plenary lectures ECMI awards and special lectures mini symposia including the description of each mini symposium and contributed talks The ECMI conferences are organized by the European Consortium for Mathematics in Industry with the aim of promoting interaction between academy and industry leading to innovation in both fields and providing unique opportunities to discuss the latest ideas problems and methodologies and contributing to the advancement of science and technology They also encourage industrial sectors to propose challenging problems where mathematicians can provide insights and fresh perspectives Lastly the ECMI conferences are one of the main forums in which significant advances in industrial mathematics are presented bringing together prominent figures from business science and academia to promote the use of innovative mathematics in industry

Intra-Africa Student Mobility in Higher Education Chika Trevor Sehoole, Jenny J. Lee, 2022-01-01 This book examines student mobility within Africa International student mobility is among the central activities of higher education internationalization As the number of international students increase so do the destinations in both number and geographic diversity Historically international student mobility has followed South North and North North patterns However recent literature show the growth in North South and South South patterns of student mobility There has also been a rise in regional mobility In what is referred to in the book as intra Africa mobility the book explores and analyzes the patterns of intra Africa mobility based on seven African countries South Africa Kenya Uganda Nigeria Ghana Senegal and Egypt The editors and contributors address three central research questions Why did the students choose the country they are studying in Why did they choose the institution they are studying in What are their academic and social experiences in these countries and their respective institutions This book is the first comprehensive exploration of intra Africa student mobility in a field that traditionally centers on the Global North

Quality Assessment and Enhancement in Higher Education in Africa Peter Neema-Abooki, 2022-12-16 This book explores quality assessment and enhancement in higher education in Africa to illustrate the need to develop quality practices in measuring effective education and continually search for permanent improvement The book demonstrates that technological and socio economic trends innovations and inventions of the twenty first century

demand that additional attention be placed upon education for national regional and international development Since conventions for quality assessment and enhancement need to be defined and systematic structures constructed to develop quality practices the book shows how quality in higher education within Africa has been established and advanced to provide a framework for monitoring auditing and reviewing assessment and enhancement Though the book considers African complexities and diversity it incorporates global trends and utilises an international focus that enables readers to devise appropriate strategies for developing and enhancing quality and standards in higher education in both continental Africa and beyond Illustrating why quality assessment and enhancement should be embraced in all aspects including inputs processes outputs and outcomes in educational settings globally this book will be of interest to policymakers and scholars in the fields of Higher Education Quality and Global Studies African Education African Studies and Management and Administration Leadership and Professional Development Studies *Higher Education Transformation in Africa* Emnet Tadesse Woldegiorgis, Logan Govender, Dennis Zami Atibuni, 2024-11-05 This book critically interrogates the notion of transformation in higher education focusing on epistemological and structural issues in postcolonial and contemporary Africa The book considers the multifaceted challenges facing higher education in the continent and uses the concept of transformation as a common thread weaving through a range of issues including epistemology identity relevance research collaboration and decoloniality Arguing for a holistic approach towards progressive and innovative education systems the book calls for a fundamental transformation that expands access enhances quality and competitiveness addresses past injustices and improves the capacity to act together for a more sustainable and just future Overall the book makes a powerful case for the power of transformation in higher education to shape the social economic and cultural fabric of society This book s critical evaluation of knowledge production in Africa will be an important read for researchers and policymakers involved in Africa s higher education sector **Transition to Peace** Ho-Won Jeong, 2021-10-15 This book enhances our understanding of how societies torn by violence can be rebuilt Instabilities in those societies continue to be fuelled by political marginalization economic social inequality violent crimes and injustice Historically international response has been largely inadequate due to a failure of adaptation to local circumstances This collection focuses on how peacebuilding programmes can be more effectively carried out to create a more functional society In a nutshell this volume sheds light on local practice and experiences that can be utilized to meet unique circumstances of countries that have suffered from a destructive conflict The collection will investigate the transition to peace by highlighting the missing links between peacebuilding norms and practice political economy emotions justice and reconciliation Tax and Technology Annika Streicher, Svitlana Buriak, 2023-10-13 The challenges and opportunities of new technologies in the tax field Technological developments induced major reforms in the regulatory international and domestic tax landscapes as well as in the developments in the use of technology by tax administrations and taxpayers New technology especially the innovations in virtual asset light cross border business

organizations data analytics service and process automation on one hand disrupted the well established legal tax principles and rules and on the other stimulated informed data driven and structured solutions in tax compliance Technological advances affected nearly every area and each aspect of taxation Direct tax regulations indirect tax law and tax procedures including tax compliance and tax control functions International organizations such as the Organization for Economic Co operation and Development OECD the United Nations UN and the European Commission as a supranational organization fostered critical legislative reforms and proposals among which are the OECD Two Pillar Solution to Address the Tax Challenges Arising from Digitalisation of the Economy Article 12B of the UN Model Tax Convention to tax automated digital services new rules for tracing transfers of crypto assets in the EU as well as the EU s VAT e commerce package and VAT in the Digital Age package While these proposals aim to address a wide range of the benefits and challenges of Economy 4 0 certain questions arise concerning the consistency of the legislative developments with their initial objectives the appropriateness of the legal form for the economic substance of the regulated relations for the effectiveness of the regulations as well as their coherence This volume contains a collection of scientific chapters on the general topic Tax and Technology that were successfully completed by the 2022 2023 LL M graduates of the Institute for Austrian and International Tax Law WU The volume is divided into three parts that contain the contributions dealing with the impact of the technology on international tax law indirect tax law and procedural law Each chapter provides an in depth analysis of a unique research question aiming to innovatively contribute to the current debate and develop a practical approach for implementing the findings

The Paris Framework for Climate Change Capacity Building Mizan R Khan,J. Timmons Roberts,Saleemul Huq,Victoria Hoffmeister,2018-04-09 The Paris Framework for Climate Change Capacity Building pioneers a new era of climate change governance performing the foundational job of clarifying what is meant by the often ad hoc one off uncoordinated ineffective and unsustainable practices of the past decade described as capacity building to address climate change As an alternative this book presents a framework on how to build effective and sustainable capacity systems to meaningfully tackle this long term problem Such a reframing of capacity building itself requires means of implementation The authors combine their decades long experiences in climate negotiations developing climate solutions climate activism and peer reviewed research to chart a realistic roadmap for the implementation of this alternative framework for capacity building As a result this book convincingly makes the case that universities as the highest and sustainable seats of learning and research in the developing countries should be the central hub of capacity building there This will be a valuable resource for students researchers and policy makers in the areas of climate change and environmental studies

Statistics and Actuarial Sciences Application McAdams Abu Bakr, Banda Gerald, Calvine Odiwuor, Safoora Zarei,2023-06-16 TOPICS IN THE BOOK Forecasting of Caesarean Births in the University of Cape Coast Hospital Ghana The Relationship among the Three Distributions Binomial Poisson and Normal Distribution Modernizing Pension Fund Contribution Pay As You Drive

Insurance Pricing Model **Sustainable Digital Communities** Anneli Sundqvist, Gerd Berget, Jan Nolin, Kjell Ivar Skjerdingsstad, 2020-03-19 This volume constitutes the proceedings of the 15th International Conference on Sustainable Digital Communities iConference 2020 held in Borås Sweden in March 2020 The 27 full papers and the 48 short papers presented in this volume were carefully reviewed and selected from 178 submissions They cover topics such as sustainable communities social media information behavior information literacy user experience inclusion education public libraries archives and records future of work open data scientometrics AI and machine learning methodological innovation

Decolonisation in Universities Jonathan Jansen, 2019-08-01 In this collection of case studies and stories from the field South African scholars come together to trade stories on how to decolonise the university Shortly after the giant bronze statue of Cecil John Rhodes came down at the University of Cape Town student protestors called for the decolonisation of universities It was a word hardly heard in South Africa's struggle lexicon and many asked What exactly is decolonisation This edited volume brings together the best minds in curriculum theory to address this important question In the process several critical questions are raised Is decolonisation simply a slogan for addressing other pressing concerns on campuses and in society What is the colonial legacy with respect to curriculum and can it be undone How is the project of curriculum decolonisation similar to or different from the quest for postcolonial knowledge indigenous knowledge or a critical theory of knowledge What does decolonisation mean in a digital age where relationships between knowledge and power are shifting The book combines strong conceptual analyses with novel case studies of attempts to do decolonisation in settings as diverse as South Africa Uganda Tanzania and Mauritius Such a comparative perspective enables reasonable judgements to be made about the prospects for institutional take up within the curriculum of century old universities
