Admission For Nkrumah University Kabwe:

Gay is Gay and Priesthood is Priesthood. Should Gay People be admitted to the Catholic Priesthood? Tarcisius Mukuka, 2021-02-19 Polemic Paper from the year 2021 in the subject Theology Historic Theology Ecclesiastical History grade 1 0 Kwame Nkrumah University language English abstract This article aims at examining the Catholic Church's indefensible and ambivalent position on homosexuality vis vis the Catholic priesthood I conclude that while its teaching is clear in my view erroneous its practice is ambivalent due to the many gay priests among its ranks even some would say up to the highest level of cardinals as the recent McCarrick Report 2020 by the Vatican Secretariat of State revealed On one level the answer to the question whether gay men and by extension gay women should be admitted to the Catholic priesthood or not is a straightforward affirmative They should This is probably a left of centre position It is my position Carlo Maria Vigan calls it an anti Church of heretics corrupt men and fornicators who include the Vatican Sanhedrin or what he calls the deep Church as I have mentioned below It would argue with evidence in bucket loads that there are already gay clerics both high and low in the Catholic priesthood but only men I hasten to add I know a handful In my erstwhile career as a Catholic seminary lecturer I personally knew a gay priest colleague an amiable fellow if ever there was one There was queer talk about him wherever he had been posted but nothing concrete until at his last post he was reported to the Zambian police for sexual abuse of two teenage boys May be if it had not been for the age of his victims he might still be in the gay closet Directory, institutions for secondary and post-secondary professional training Unesco. Peace as Nonviolence Egon Spiegel, George Mutalemwa, Cheng Liu, Lester R. Kurtz, 2024-10-15 This book advances the peace discourse as defined in UN guidelines while also working towards the implementation of the science of peace in various educational contexts in Africa particularly at universities The contributions gathered here are intended to highlight the role of university peace studies programs particularly their relevance for peace education peace research and peace work The book is dedicated to students and teachers of Peace Studies and Development Studies at universities as well as civil society experts They bear a great responsibility with regard to shaping the Culture of Peace called for by the UN based on the foundation of peace education and peace work and in the context of an adequate peace policy The book seeks to strengthen African pillars of lasting peace through Peace Studies Analyzing the latest topics in Africa of universal importance it offers a valuable reference guide for researchers and professionals grappling with the realities of nonviolence and other essential topics in Peace Studies

Female Ordination in the Catholic Church. The Peeing while Standing

Hypothesis Tarcisius Mukuka, 2021-02-25 Academic Paper from the year 2021 in the subject Theology Historic Theology Ecclesiastical History grade 1 0 Kwame Nkrumah University language English abstract This article provides a theoretical and literature framework accompanying a currently ongoing six month post doctoral research project Female Catholic Ordination to the Diaconate Priesthood and Episcopate A Constructivist Epistemological Phenomenological Inquiry a post doctoral

research project submitted to the Kwame Nkrumah University of Kabwe Zambia and the University of Pretoria in Pretoria South Africa Essentially the article debunks the argument of the Magisterium of the Catholic Church that the Church has no authority whatsoever to confer priestly ordination on women and that this judgment is to be definitively held by all the Church's faithful The argument goes something like this The priest presiding at Mass does so in persona Christi in the person of Christ therefore the priest must be male because Jesus was male at least for 30 plus of his life in first century Palestine The priest stands in for Jesus and therefore has to have a natural resemblance to the earthly Jesus and that resemblance is his maleness Just why this male resemblance is important is not set out in black and white Being human or Jesus post resurrection status in which gender or sex are irrelevant do not cut the ontological mustard

Sustainable Education and Development—Clean Energy Clinton Aigbavboa, Wellington Thwala, Joseph N. Mojekwu, Lawrence Atepor, Emmanuel Adinyira, Gabriel Nani, Emmanuel Bamfo-Agyei, 2025-02-07 This book is Volume 1 of the proceedings of 2023 Sustainable Education and Development Research Conference This volume concentrates on papers in the area of clean energy Despite considerable progress more than 700 million people worldwide still lack access to electricity and around 2.4 billion people continue to use harmful and polluting fuels for cooking While efforts have been made to promote renewable energy and energy efficiency they have not been fast enough to achieve Sustainable Development Goal 7 Adding to the challenge the ongoing war in Ukraine has contributed to rising global energy prices and heightened energy

insecurity in Europe In response to the energy crisis some European countries are planning to accelerate the transition to renewables and increase investments in clean energy and energy efficiency However others are considering a resurgence of coal which poses a risk to the overall green transition Between 2010 and 2020 the percentage of the global population with access to electricity increased from 83% to 91% with 1.3 billion people gaining access Nevertheless this leaves approximately 733 million people still without electricity and most of them reside in sub-Saharan Africa Achieving universal access by 2030 the annual growth rate in access needs to accelerate from 0.5 percentage points to 0.9 percentage points necessitating significant efforts in low income fragile and conflict affected countries In 2020 69% of the global population had access to clean cooking fuels and technologies While more than half of those without access to clean cooking fuels live in Asia the 20 countries with the lowest percentage of people having access to clean cooking were predominantly least developed countries in Africa The share of renewable sources in total final energy consumption reached 17.7% globally in 2019 just slightly higher than the figure for 2015 The electricity sector leads in the adoption of renewables accounting for 26.2% of total final energy consumption in 2019 while the heat and transport sectors have made limited progress Global primary energy intensity defined as global total energy supply per unit of GDP improved from 5.6 megajoules per dollar purchasing power parity in 2010 to 4.7 megajoules in 2019 However the rate of improvement 1.6% per year on average since 2015 falls short of the 3.2% annual rate needed to reach Sustainable Development Goal 7.3 International financial flows to support clean and renewable energy in developing countries reached 10.9 billion in 2019 a 23.6% decrease from 2018 This decline occurred even before the onset of the COVID-19 pandemic Over a longer five year moving average average annual commitments decreased for the first time since 2008 from 17.5 billion in 2014 to 16.6 billion in 2015 Although developing countries achieved a record of 245.7 watts per capita in installed renewable energy generating capacity in 2020 small island developing States least developed countries and landlocked developing countries have lagged behind It would take least developed countries and landlocked developing countries nearly 40 years and small island developing States almost 15 years to reach the same level of progress as the average developing country in 2020 The 2023 SEDRC conference titled Sustainable Development and Education aims to redefine the understanding of research in the continent's development and the role of researchers The conference focusses on applied research discussions and its dissemination Researchers from research institutions academicians postgraduate students politicians and industry representatives will be the primary audience for the conference proceedings
