Transformation of Archives and Heritage Education in Post-apartheid South Africa Geraldine Frieslaar, Olusegun Morakinyo, 2023-06-10 Although there have been significant strides to transform the

demographics of archive and museum personnel develop new museums and heritage institutions and heritage training initiatives in post apartheid South Africa the Eurocentric model of the archive museum and heritage sector has largely remained intact Despite the euphoria around the transformation of heritage in the beginnings of post apartheid South Africa it can be argued that the transformation of heritage institutions has been superficial and cosmetic with the ideological foundation of the colonial archive and museum as well as Eurocentric modalities of heritage education remaining solid largely unmoved and under continuing challenge This is the thrust of this book which reflects on the transformation of archives and museum and heritage education in South Africa and argues for meaningful transformation of the sector through a decolonisation from its Eurocentric mooring

The Paradox of Planetary Human Entanglements Inocent Moyo, Sabelo J. Ndlovu-Gatsheni, 2022-12-30 The Paradox of Planetary Human Entanglements provides a nuanced understanding of the complexity of planetary human entanglements in this age of increased borderisation and territorialisation racism and xenophobia and inclusion and exclusion One of the greatest paradoxes of the 21st century is that of increased planetary human entanglements enabled by globalisation on the one hand and by the rising tide of exclusionary right wing politics of racism xenophobia and the building of walled states on the other The characteristic feature of this paradox is the unrestrained move towards the detention and incarceration of those who attempt to migrate This brings to the fore the issue of borders in terms of their materiality and symbolism and how this mediates belonging citizenship and the ethics or lack thereof and politics of living together This book shows that at the core of border and migration restrictions is the desire to exclude certain categories of people which aptly demonstrates that borders in their materiality are not for everyone but for those who are considered undesirable migrants The authors examine questions of borders nationalism migration immigration and belonging setting the basis of a campaign for planetary humanism grounded on human dignity which transcends ethnicity and nationality This book will be a useful resource for students scholars and researchers of African Studies Border Studies Migration Studies Development Studies International Studies Black Studies International Relations and Political Science

Indoor Air Quality Dikaia E. Saraga, 2020-12-07 The monitoring of indoor air pollutants in a spatio temporal basis is challenging A key element is the access to local i e indoor residential workplace or public building exposure measurements Unfortunately the high cost and complexity of most current air pollutant monitors result in a lack of detailed spatial and temporal resolution As a result individuals in vulnerable groups children pregnant elderly and sick people have little insight into their personal exposure levels This becomes significant in cases of hyper local variations and short term pollution events such as instant indoor activity e g cooking smoking and dust resuspension Advances in sensor miniaturization have encouraged the development of small inexpensive devices capable of estimating pollutant concentrations This new class of sensors presents new possibilities for indoor exposure monitoring This Special Issue invites research in the areas of the triptych indoor air pollution monitoring indoor air modeling and exposure to indoor air pollution

Topics of interest for the Special Issue include but are not limited to the following low cost sensors for indoor air monitoring indoor particulate matter and volatile organic compounds ozone terpene chemistry biological agents indoors source apportionment exposure assessment health effects of indoor air pollutants occupant perception climate change impacts on indoor air quality
