and business situations of creative professionals as well as the nonprofit organizations with which they are often affiliated. Finances, budgeting, and business matters can be dreaded if not outright ignored by creatives to the detriment of their artistic pursuits. Author, artist, and CPA Elaine Grogan Luttrull has written *Arts Numbers* to help creative professionals find the same confidence in their financial dealings as in their chosen mode of expression. It is an engaging, accessible guide that covers a variety of must-know topics such as budgeting, cash management, visual charting, taxes, employment, and business etiquette. In a simple, straightforward style, Luttrull draws examples from smooth-flowing narratives depicting common issues within the arts world, as well as from her own personal anecdotes. Unlike stuffy textbooks and patronizing business books, *Arts Numbers* is a lively and artfully done ally in helping creative professionals plan their present financial situations and secure their futures.
