Moore,2015-08-01 Sixty thousand years ago Earth had two more continents than it does today each larger than what we now know as Australia Why are they no longer there One of these additional continents Atlantis was located in the Atlantic Ocean between North America and Africa The other Lemuria was located in the Pacific Ocean In this book you ll learn all about these huge continents and the great civilizations who called them home What did they look like What was daily life like for them What happened to them Tom asks these intriguing questions and many more The answers revealed on the pages within dig into the mysteries surrounding the continents of Atlantis and Lemuria and their eventual destructions *The Weiser Fields Guide to Ascension* Cal Garrison,2010-08-01 The Weiser Field Guide to Ascension tackles the vast topic so often misconstrued of the idea of ascending into a universal consciousness and creates a literal handbook to the historical biblical and highly topical implications of the concept of Ascension raising consciousness the earth shift and changes of 2012 and The Great Shift **The Ancient Secret of the Flower of Life, Volume 1** Drunvalo Melchizedek,2012-04-28 Once all life in the universe knew the Flower of Life as the creation pattern the geometrical design leading us into and out of physical existence Then from a very high state of consciousness we fell in darkness and forgot who we were For thousands of years the secret was held in ancient artifacts and carvings around the world and encoded in the cells of all life Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop illuminating the mysteries of how we came to be why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty Sacred Geometry is the form beneath our being and points to a divine order in our reality We can follow that order from the invisible atom to the infinite stars finding ourselves at each step The information here is one path but between the lines and drawings lie the feminine gems of intuitive understanding Explore the miracle of our existence by meandering through the wonderland of geometry science ancient history and new discovery seen through the widened vision of Drunvalo and the Flower of Life Volume 2 will explore in great detail the Mer Ka Ba the 55 foot diameter energy field of the human lightbody This knowledge leads to ascension and the next dimensional world About the Author Drunvalo Melchizedek s life experience reads like an encyclopedia of breakthroughs in human endeavor He studied physics and art at the University of California at Berkeley but he personally feels that his most important education came after college In the last 25 years he has studied with over 70 teachers from all belief systems and religious understandings providing him with a wide breadth of knowledge compassion and acceptance Not only is Drunvalo s mind exceptional but his heart his warm personality his love for all life everywhere is immediately understood and felt by anyone who meets him For some time now he has been bringing his vast vision to the world through
