Normandi Ellis looks at the angelic dimensions of spiritual traditions around the world from the ancient past to present day. She explores well known angels from Judeo Christian and Islamic faiths the Hindu devata and Buddhist spirit beings the spirit beings of ancient Egypt the Peacock Angel of Yezidism and the yazatas of Zoroastrianism. She compares angelic visions from medieval Christians like Thomas Aquinas and John of Damascus with what Theosophists kabbalists Sufi masters Eastern gurus and modern mystics like Edgar Cayce have recounted about angels. She looks at dark and fallen angels and their role in the grand cosmological plan. Quoting from sacred traditions narrative myth and contemporary angelic encounters including her own personal interactions with angels the author clarifies the divergent aspects of angelic beliefs but also reveals the common points shared by all traditions. Ellis shows how in whatever guise they appear angels are messengers. She explains that angels are beings of light consciousness part of the universal life force that connects all beings. And not only are angels actively helping in our planet's cosmic evolution they also help us see our own place in the cosmic plan. *In the Company of Angels* Cherie Sutherland, 2008-09-26

What are angels? Do they exist? What do angels really look like? What do angels do? Throughout history angels have played a major role in literature art theology myth and folklore. Portrayed as symbols of the divine in our earthly realm these luminous beings continue to inhabit the conscience of our culture. However in today's materialistic world they have become images of fiction and fantasy for many people. In a down to earth style Cherie Sutherland draws on research gathered from around the world to answer the most commonly asked questions about angels and gives practical advice on how to call on them to help us through difficult and stressful periods in our lives. In the *Company of Angels* shows us how to open our hearts to the magic of angels and discover the beauty and spirituality they can bring to everyday life.

Angels George J. Marshall, 2015-08-13 In the 1990s alone more than 400 works on angels were published adding to an already burgeoning genre. Throughout the centuries angels have been featured in among others theological works on scripture studies in comparative religions works on art architecture and music philological studies philosophical sociological anthropological archeological and psychological works and even a psychoanalytical study of the implications that our understanding of angels has for our understanding of sexual differences. This bibliography lists 4 355 works alphabetically by author. Each entry contains a source for the reference often a Library of Congress call number followed by the name of a university that holds the work. More than 750 of the entries are annotated. Sensational Religion Sally M. Promey, 2014-06-24 The result of a collaborative multiyear project this groundbreaking book explores the interpretive worlds that inform religious practice and derive from sensory phenomena Under the rubric of making sense the studies assembled here ask How have people used and valued sensory data How have they shaped their material and immaterial worlds to encourage or

discourage certain kinds or patterns of sensory experience How have they framed the sensual capacities of images and objects to license a range of behaviors including iconoclasm censorship and accusations of blasphemy or sacrilege Exposing the dematerialization of religion embedded in secularization theory editor Sally Promey proposes a fundamental reorientation in understanding the personal social political and cultural work accomplished in religion s sensory and material practice Sensational Religion refocuses scholarly attention on the robust material entanglements often discounted by modernity s metaphysic and on their inextricable connections to human bodies behaviors affects and beliefs
