Angry Woman Poems Of Rage English Edition:

Revising Life Susan R. Van Dyne,2000-11-09 Provides a compelling argument for Plath's revision of the painful parts of her life the failed marriage her anxiety for success and her ambivalence towards her mother The reader will feel the tension in the poetry and the life CHOICE Examines Plath's twin goals of becoming a famous poet and a perfect mother This book's main points are clearly and forcefully argued that both poems and babies require struggle pain endless labor and fears of monstrous offspring and that in the end Plath ran out of the resources necessary to produce both Often maligned as a self-indulgent confessional poet Plath is here retrieved as a passionate theorist Library Journal Susan Van Dyne's reading of twenty-five of Sylvia Plath's Ariel poems considers three contexts Plath's journal entries from 1957 to 1959 especially as they reveal her conflicts over what it meant to be a middle-class wife and mother and an aspiring writer in 1950s America the interpretive strategies of feminist theory and Plath's multiple revisions of the poems *The Artistry of Anger* Linda M. Grasso,2003-04-03 In this compelling interdisciplinary study Linda Grasso demonstrates that using anger as a mode of analysis and the basis of an aesthetic transforms our understanding of American women's literary history Exploring how black and white nineteenth-century women writers defined expressed and dramatized anger Grasso reconceptualizes antebellum women's writing and illuminates an unrecognized tradition of discontent in American literature She maintains that two equally powerful forces shaped this tradition women's anger at their exclusion from the democratic promise of America and the cultural prohibition against its public articulation Grasso challenges the common notion that nineteenth-century women's writing is confined to domestic themes and shows instead how women channeled their anger into art that addresses complex political issues such as slavery nation building gender arrangements and race relations Cutting across racial and genre boundaries she considers works by Lydia Maria Child Maria W. Stewart Fanny Fern and Harriet Wilson as superb examples of the artistry of angry expression Transforming their anger through literary imagination these writers bequeathed their vision of an alternative America both to their contemporaries and to subsequent generations **Asian American Literature in Transition, 1965-1996: Volume 3** Asha Nadkarni,Cathy J. Schlund-Vials,2021-06-17 This volume traces the formation of the Asian American literary canon and the field of Asian American Studies from 1965-1996 It is intended for an academic audience ranging from advanced undergraduate students to scholars from a variety of disciplines interested in the formation of Asian American literary studies from 1965-1996 Buddhist Feminism Sokthan Yeng,2020-08-27 What is Buddhist Feminism This book examines reasons why Buddhism and feminism may seem to be incompatible and shows that Buddhist and feminist philosophies can work together to challenge patriarchal structures Current scholarship usually compares Buddhism and feminism to judge their compatibility rather than describing a Buddhist Feminist perspective or method Sokthan Yeng instead looks for a pattern that connects Buddhist and feminist traditions In particular she explores possible exchanges between feminist and Buddhist philosophies which highlight how they each

contribute to a more nuanced understanding of anger Yeng explores how a Buddhist feminist approach would allow women's anger to be transformed from that which is outside the bounds of philosophy into that which contributes to philosophical discourse in the East and West and between the two

Feelin Bettina Judd, 2022-12-15 How creativity makes its way through feeling and what we can know and feel through the artistic work of Black women Feeling is not feelin As the poet artist and scholar Bettina Judd argues feelin in African American Vernacular English is how Black women artists approach and produce knowledge as sensation internal and complex entangled with pleasure pain anger and joy and manifesting artistic production itself as the meaning of the work Through interviews close readings and archival research Judd draws on the fields of affect studies and Black studies to analyze the creative processes and contributions of Black women from poet Lucille Clifton and musician Avery Sunshine to visual artists Betye Saar Joyce J. Scott and Deana Lawson *Feelin* Creative Practice Pleasure and Black Feminist Thought makes a bold and vital intervention in critical theory's trend toward disembodiment feeling as knowledge Instead Judd revitalizes current debates in Black studies about the concept of the human and about Black life by considering how discourses on emotion as they are explored by Black women artists offer alternatives to the concept of the human Judd expands the notions of Black women's pleasure politics in Black feminist studies that include the erotic the sexual the painful the joyful the shameful and the sensations and emotions that yet have no name In its richly multidisciplinary approach *Feelin* calls for the development of research methods that acknowledge creative and emotionally rigorous work as productive by incorporating visual art narrative and poetry

Changing the Subject Naomi J. Miller, 1996 Naomi Miller offers an illuminating study of this significant early modern woman writer Using multiple critical theoretical perspectives including French feminism new historicism and cultural materialism she examines constructions of gender in Wroth's time Moving beyond the emphasis on victimization that has shaped many previous studies she considers the range of strategies devised by women writers of the period to establish voices for themselves despite daunting cultural constraints

Staging Women and the Soul-Body Dynamic in Early Modern England Sarah E. Johnson, 2016-04-01 Though the gender coded soul body dynamic lies at the root of many

negative and disempowering depictions of women Sarah Johnson here argues that it also functions as an effective tool for redefining gender expectations Building on past criticism that has concentrated on the debilitating cultural association of women with the body she investigates dramatic uses of the soul body dynamic that challenge the patriarchal subordination of women Focusing on two tragedies two comedies and a small selection of masques from approximately 1592 1614 Johnson develops a case for the importance of drama to scholarly considerations of the soul body dynamic which habitually turn to devotional works sermons and philosophical and religious treatises to elucidate this relationship Johnson structures her discussion around four theatrical relationships each of which is a gendered relationship analogous to the central soul body dynamic puppeteer and puppet tamer and tamed ghost and haunted and observer and spectacle Through its thorough and nuanced readings this study redefines one of the period s most pervasive analogies for conceptualizing women and their relations to men as more complex and shifting than criticism has previously assumed It also opens a new interpretive framework for reading representations of women adding to the ongoing feminist re evaluation of the kinds of power women might actually wield despite the patriarchal strictures of their culture

The Ancient Quarrel Between Poetry and Philosophy Thomas Gould, 2014-07-14 Affecting audiences with depictions of suffering and injustice is a key function of tragedy and yet it has long been viewed by philosophers as a dubious enterprise In this book Thomas Gould uses both historical and theoretical approaches to explore tragedy and its power to gratify readers and audiences He takes as his starting point Plato s moral and psychological objections to tragedy and the conflict he recognized between poetry the exploitation of our yearning to see ourselves as victims and philosophy the insistence that all good people are happy Plato s objections to tragedy are shown to be an essential feature of Socratic rationalism and to constitute a formidable challenge even today Gould makes a case for the rightness and psychological necessity of violence and suffering in literature art and religion but he distinguishes between depictions of violence that elicit sympathy only for the victims and those that cause us to sympathize entirely with the perpetrators It is chiefly the former Gould argues that fuel our responses not only to true tragedy but also to religious myths and critical displays of political rage Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase

Rage in the Belly Luzia Sutter Rehmann, 2021-02-03 How is rage related to hunger Hunger is a liminal experience connected to powerlessness shame and violence Hunger does not issue into speech It cannot therefore be easily found in the biblical texts written by and about people who knew hunger It hides behind the words in these texts Rage conversely finds expression and in the texts it can alert readers to hidden experiences of hunger But rage is not just a response to the lack of food It is also a transformative force reaching towards a justice that is not yet real The experience of hunger and the fear of famine often go hand in hand with anger a rage that can bring whole populations to their feet Luzia Sutter Rehmann develops a biblical hermeneutic that centers on the fire in the belly of the hungry their rage that leads to protests and uprisings Her reading shows the poor or the many as those with whom Jesus cooperates and as subjects acting on their own initiative The book also highlights key socio historical information on the food situation of ancient Rome and Palestine on poverty political dependence and unrest droughts and famines
