An Introduction to Feeding Farm Livestock Robert H. Nelson, 2013-10-22 An Introduction to Feeding Farm Livestock Second Edition is a two part book that focuses on nutrition and rationing of farm livestock Part I describes the animal and its food Part II presents the terms used in animal nutrition feeding dairy cattle for milk production and the rations specific for beef cattle sheep and pigs This book will be a valuable supplement to lectures for students attending part time and full time courses at the advanced craft technician level *East Africa's grasses and fodders: Their ecology and husbandry* G. Boonman, 2013-03-09 The series Tasks for Vegetation Science is devoted to a variety of research aspects in vegetation science pure as well as applied Of the applied problems one of the most pressing is to achieve better knowledge and improvement of the pasture vegetation in tropical and subtropical regions As series editor I was impressed by the sheer volume of useful scientific information concerning pasture plants from East Africa collected during many years by Dr Boonman and compiled in one manuscript Dr Boonman first came to East Africa in 1963 on an overland journey along the river Nile which took him from Alexandria in Egypt to Lake Victoria in Uganda and Kenya and back again After a brief spell as a cotton agronomist in the Sudan Gezira he joined the grassland research team at Kitale Kenya in 1966 Improvement of seed yield of tropical grasses was his principal interest which finally led him into the field of breeding grasses Well known varieties from his work include Boma Elmba Rhodesgrass as well as Clone 13 Elephantgrass In 1979 he was recalled to The Netherlands to head a cooperative seed company involved in the breeding of grasses and cereals The author has focused this study on one region Eastern Africa Global application of theories runs into conflicts too easily with local types of farming if not with bare economics Very few books can be found that describe existing practices and seek local answers by digging deep in the stacks of old local reports **Audio-visuals Relating to Animal Care, Use, and Welfare** Jean A.
