*The New Partridge Dictionary of Slang and Unconventional English: J-Z* Eric Partridge, 2006. Entry includes attestations of the headword's or phrase's usage, usually in the form of a quotation. Annotation 2006. Book News Inc, Portland, OR. booknews.com      [Some Choice](#) George J. Annas, 1998. This book is a passionate critique of the shallowness of choice rhetoric used to camouflage critical personal and public policy issues in contemporary debates in American medicine. Our public discourse on life and death, from health care to medical research and from risky behavior to assisted suicide, is dominated by the market model of consumerism augmented by appeals to individual freedom. In fact, however, in most cases, there is no real choice left for individuals to make; the important choices have been made by others, and the illusion of choice fosters complacency. Knee-jerk libertarianism leads to a superficial consumer culture and life choices valued only by their monetary value. *Some Choice* uses the cases of cloning, drive-through deliveries, emergency medicine, genetic privacy, human experimentation, tobacco control, and physician-assisted suicide among others to suggest ways in which we can break through our vapid and superficial public discourse on life and death issues and begin to engage in a public dialogue that enriches our lives and society rather than cheapens them. George Annas is one of the most widely recognized names in current bioethics debates. His goal in this new book is to help open a
