Information Services for a Sustainable Society Madeleine C. Fombad, Collence Takaingenhamo Chisita, Omwoyo Bosire Onyancha, Mabel K. Minishi-Majanja, 2023-07-24 The publication seeks to establish how information professionals are providing information services in a sustainable society in an era of information disorder. It also provides the strategic direction to strengthen the global voice of libraries inspiring and enhancing professional practice as well as enhancing international cooperation and collaboration among LIS educators and practitioners. The contents are divided according to the following key sub themes that resonate with the title as outlined below: Library and information services in the information age; Data and records in an era of information disorder; Archives data curation and preservation in the digital era; Data science analytics and visualization; Information ethics in the digital era; Information deluge in the digital era; Information and knowledge management; Fourth Industrial revolution. The highlighted themes explore critical issues relating to how libraries, archives and related institutions are responding to the seismic shifts in the information landscape amidst a myriad of challenges and opportunities. The sub themes bring together a tapestry of articles that explore the status, experiences and future prospects of the dynamic library and information science practice.

Transgenic Crops Muhammad Sarwar Khan, Kauser Abdulla Malik, 2019-10-23 Transgenic crops are the basis of modern agricultural biotechnology. Traits impossible to introduce by conventional breeding techniques are tailored in crops using genetic manipulation and transformation approaches. Using the technology, agronomic and medicinal traits have been developed in plants. The pace of omics with robust methods for gene discovery and genome sequencing and more recently the use of CRISPR-Cas and gRNA-Cas technologies have widened this field to improve the genetic makeup of crops. Identification of transformation events and biosafety assessment of the introduced traits are vital for stewardship and acceptability of transgenic crops.

Looking Through Philosophy in Black Mabogo Percy More, 2018-12-11 This autobiography is a series of interrelated true life events and decisions taken by a black philosopher that highlight the human drama unfolding in the inferno of the South African apartheid system. Mabogo More details what it means to be a black philosopher in an anti-black apartheid academic world. More's life story traces his emergence in philosophy and his pursuit of a philosophical dream, a dream that takes him from his South African black ghetto township to American and British universities and finally to the prestigious Frantz Fanon Lifetime Achievement award. His extraordinary philosophical autobiography with an emphasis on African existentialism that takes into account issues of racism, identity, liberation, freedom, alienation, responsibility and bad faith is supplemented by three key essays from his intellectual career representing the extraordinary contribution he has made to African philosophy and black existentialism.

Breaking a Rainbow, Building a Nation Rekgotsofetse Chikane, 2018-10-01 Breaking a Rainbow Building a Nation is a first hand account of the university protests that gripped South Africa between 2015 and 2017, widely better known as the FeesMustFall. Chikane outlines the nature of student politics in the country before, during and after the

emergence of MustFall politics exploring the political dynamics that informed and drove the student protests and the effect that these MustFall movements have had on the nature of youth politics in the country Chikane looks at how the current nature of youth politics is different from previous youth upheavals that have defined South Africa specifically due to the fact that the protests were being led by so called coconuts who are part of the black elite Breaking a Rainbow Building a Nation poses the provocative question can coconuts be trusted with the revolution
