Starving into Remission: Alzheimer's, Parkinson's and Multiple Sclerosis Nutritional Integrative Therapies James C. Tibbetts, 2016-11-13 Alzheimer's, Parkinson's, and MS can be brought into permanent remission on a Living Foods nutritional therapy approach. As a nutritional lifestyle, these diseases can be stopped and kept at a distance once they are put into remission through this Live Food nutrition therapy. This book presents real people, some cured and some not; it is about clinical experience, journal studies, testimonials, and advanced nutritional understandings. This work is about five years of research. It involves a major lifestyle change: moving into a Live Food or raw vegan diet and doing juice fasting, smoothies, and juicing. Having a positive spiritual approach and exercise routine is also helpful. The case studies and testimonials are part of the evidence that these neurodegenerative diseases can be put into complete remission.

Into The Mouth Of The Wolf Marrone Marrone,2021-05-17 A terrible thing happened to me Perhaps that is an oversimplification but it will have to do I realized that there were a lot of things going on a lot of loose threads that are untying further Of course I was in a process of magnificent unraveling to realize this I

don't recommend trying that by the way. Anyhow, you are probably aware that everything is a story. The irresistible need for denouement may bring a story together, but it also unties something else somewhere else. All stories, all books are born from one another; this one is born from the one that came before it. They are an infinite and ancient line of irrational call and response. Never ending. That is, until now, until it is all tied back together. An act of surgical theft, cut, paste, cauterize, rebirth. This is an epilogue, an apocalypse, and an alchemical allegory. It is a tying together of things to try and stop the unraveling, the addiction to the denouement which lurks at the center of contemporary culture, at the black heart of all entertainment and all stories, including our own.

Two Moms in the Raw Shari Koolik LeDich, 2015-05-05. Raw cooked and gluten-free meals from the founder of the national award-winning healthy snack company Two Moms in the Raw. Within just a few days, Shari LeDich, a mother of three, went from working out daily and hiking in the nearby Rocky Mountains to being barely able to hold a pen. The diagnosis: MS. Gradually, thanks to a diet rich in raw foods, she returned to her former energetic self. For the long term, though, she knew she had to create meals that she would find satisfying and that her husband and three children would love as well. And they had to be quick and easy. Many of the 130-plus dishes like Brunchy Poached Eggs on Spinach with Roasted Red Pepper Sauce or Plum and Tatsoi Salad are riots of color. Most can be on the table before the kids can even complain they're hungry. Indulgent snacks like Creamy Olive and Artichoke Dip and Butternut Lemongrass Soup satisfy cravings and chicken and fish. Single Skillet Chicken Puttanesca, Chard Wrapped Mahi Mahi come bolstered with plenty of raw produce and grains. Desserts ditch processed sugar in favor of natural sweeteners and power nutrients. The story of a quest for healing. Two Moms in the Raw is a keep-it-real guide to eating well for anyone who wants to get back on track, enjoy greater vitality, reduce stress, and achieve their best health. You and your family will love the food and the better health that follows from using these easy, great-tasting recipes.
