on Campuses in Togo and Benin Frédérick Madore, 2025-03-31 The interplay between religion and student activism at the universities of Abomey Calavi Benin and Lomé Togo has often been overlooked although faith based organisations and student unions have coexisted since the 1970s Based on interviews with different generations of activists this book uncovers the neglected history of Christian and Muslim student associations on these campuses originally strongholds of leftist and secular ideologies It analyses the emergence of these groups under a Marxist Leninist regime in Benin and a one party dictatorship in Togo and explores the implications of growing religiosity for these public universities as secular institutions The history of these associations reveals the campus as a microcosm reflecting wider national socio political life while also

highlighting the importance of translocal factors in shaping the internal dynamics of these groups Amidst the massification of university enrolments and rising graduate unemployment faith based associations have come to provide more than religious guidance Increasingly they offer a social curriculum providing a space for socialisation and a set of skills norms and moral values that complement the secular academic curriculum *Cent ans de catholicisme au Mali* Pierre Diarra,2009 Quel bilan peut on tablir de cent ann es de mission catholique au Mali Tel est l objet de ce livre de Pierre Diarra o il r v le de solides qualits d historien d anthropologue et de th ologien de la mission Ce livre est un constat courageux lucide fond sur une analyse pr cise des donn es historiques Le d pouillement des archives des congr gations missionnaires et surtout celui de nombreux diaires lui permettent d appr hender les r alit s quotidiennes aussi bien dans le domaine de la sant de l instruction du r le des femmes que dans celui des relations entre missionnaires et administrateurs coloniaux La pr cision des notes les citations de documents in dits sur la colonisation puis sur le clerg malien attestent de la richesse de l information r unie par l auteur Au Soudan puis au Mali la tr s grande majorit de la population 92 % est musulmane Le reste qualifi d animiste et de traditionnel a constitu le champ ouvert l vang lisation mais ne repr sente que 2 5 % Ce qui explique le choix missions de s implanter parmi les peuples r sistants l islam l instar des Bwa qui ont accueilli assez largement le catholicisme Hostiles l Islam il faut se demander pourquoi ils se convertissent A cette question complexe mais fondamentale Pierre Diarra apporte plusieurs r ponses L auteur tente aussi de comprendre les diverses attitudes de l Eglise face aux probl mes socio conomiques de la p riode de l ind pendance S il note le caract re ethnique du catholicisme au Mali source d un certain d sengagement des nouveaux chr tiens et de leur mise l cart de la vie politique faut il pour autant parler d chec Se fondant sur la conception de la vie dans l initiation coutumi re et faisant sienne l apport de la sagesse traditionnelle il esquisse une th ologie de la mission qui insiste sur la gratuit du christianisme mais en m me temps implique une responsabilit des chr tiens du Mali appel s une action politique et sociale Il faut saluer la parution d un tel livre qui au del de l exemple particulier du Mali informe questionne sugg re de nombreuses pistes de r flexion sur l inculturation de la foi chr tienne en Afrique au sud du Sahara

Christian Churches in Dahomey-Benin Patrick Claffey, 2007-04-30 This book divided into two broad sections examines the state in the Republic of Benin and the socio-political role of the Christian churches The first looks at the remarkable pre-colonial kingdom of Danxom and its place in the imagining of the modern contract social beninois The second section looks at both the historical role of the mainline churches and the more recent development of a Christianisme beninois The study concludes that the churches are above all a commentary upon the society in which they find themselves Rather than an overt challenge to the state they articulate social distress and the desire for a different future In

times of stress they may prove to be the only viable institutional buttress as well as the arbiter This study seeks to make a contribution to the understanding of the public role of Christian churches in Africa **Les Catholiques africains** Elizabeth A. Foster, 2020-07-09 Rien de tel que le regard extérieur et distancié d'une historienne américaine comme Elizabeth A. Foster pour aider le lecteur de cet ouvrage à comprendre ce qui s'est passé au milieu du XXe siècle entre la France, ses colonies en Afrique et le Vatican lorsque les habitants de ce continent ont commencé remettre en question et rejeter la domination politique et culturelle des Européens En effet, un drame poignant s'est déroulé dans le cœur et l'esprit des principaux acteurs du monde catholique franco-africain : de la conquête coloniale façonnée par les missions et les conversions cimentées par la foi catholique Entre la fin de la seconde guerre mondiale et le Concile Vatican II, de nombreuses questions ont alimenté les débats entre catholiques africains et français Comment concilier le catholicisme avec la culture africaine Quelle formation donner au clergé africain pour remplacer les prêtres français Quelle méthode suivre pour que l'Église catholique africaine reste sincèrement croyante Quels rapports les catholiques devaient-ils entretenir avec les musulmans et les communistes En accordant le même poids aux voix françaises et africaines, aux personnes de renom et aux anonymes, ce livre rapporte les changements et les débats houleux qui se sont tenus entre les catholiques : propos de l'avenir de la France, de l'Afrique et du catholicisme il montre comment ces changements ont largement compté l'éclosion de mouvements plus vastes dans la sphère politique, intellectuelle et culturelle **International Review of Missions**, 1923 **Congrès statutaire du Rassemblement du peuple togolais** Rassemblement du peuple togolais, 1980 *Franciscains en Afrique de l'Ouest* François Laiyabe Lare, 2023-02-10 Comment s'est organisé l'ordre franciscain dans l'ouest de l'Afrique et comment a-t-il évolué depuis les indépendances Quelle contribution les franciscains apportent-ils aux défis actuels de l'Afrique Dans une démarche interdisciplinaire croisant histoire, théologie, ecclésiologie, éthique et spiritualité, sont étudiées l'implantation du charisme franciscain dans cette partie de l'Afrique L'apport des valeurs africaines la spiritualité franciscaine permet de relever les défis contemporains de l'interculturalité et de l'écologie intégrale La réappropriation du charisme franciscain dans un contexte africain faciliterait la mission inter et ad gentes
