

BLACK MAX. MERCURY'S MIGHTIEST MACHINES.

Black Max.[®] The maximum Mercury[™] outboards.

Thunderous V-6 power, engineered for offshore fishing craft, cruisers and high-performance ski and bass rigs.

Nearly 10 years in development, Black Max represents the highest state of outboard design technology.

Black Max is mean and lean. The compact 60° V-6 design delivers big speed and power

without unnecessary bulk and weight. And high-efficiency loop-charged fuel induction produces greater fuel economy than other engines in this horsepower range.

Black Max starts fast with 40,000 volt, solid state Thunderbolt[™] CD sealed ignition.

Mercury has engineered the Black Max to be the most efficient, trouble-free and maintenance-free outboards ever built.

The need for tune-ups has been virtually eliminated.

And for many years of engine life, every Black Max is engineered for saltwater service, from powerhead to prop. The drive-train is all stainless steel.

And special corrosion-resistant alloys and coatings are used throughout.

Black Max. In every way, they're Mercury's mightiest machines.
