works The final group Cultural Constructionalists Gary Clayton Anderson Am rico Paredes and Monica Mu oz Martinez continue the work of Revisionists and focus on an interconnected past that includes theoretical approaches and the study of memory and regional identities Several themes emerge throughout the book One is how the Rangers changed from unorganized mounted militia dragoons in the modern sense to organized cavalry forces with six shooter firepower who served as a military arm of the state and nation A second is how the dichotomous views of the Rangers as either patriot warriors or bloody avengers left their imprint on Anglo and Hispanic society This divergent examination especially derived from incidents in the US Mexican War the period from 1910 to 1920 and the lower Rio Grande valley in the 1960s And yet another theme is how the Rangers first resisted and fought against yet ultimately absorbed all creeds and colors into their ranks over two hundred years as they evolved into police officers Anglo Black Hispanic Indian and women Rangers
