Anatomy of the Spirit, and Why People Don't Heal and how They Can Caroline M. Myss,Caroline Myss, PH D,2004 From the foremost authority on energy medicine are two New York Times bestselling books gathered together in one volume In this collection Dr Myss provides the tools and encouragement to reach spiritual maturity and physical wholeness In ANATOMY OF THE SPIRIT Dr Myss shows how people can develop their latent powers of intuition to achieve spiritual growth In WHY PEOPLE DON T HEAL AND HOW THEY CAN Dr Myss examines the five myths about healing and explains how to attain spiritual and physical wellness **Summary of Caroline M. Myss's Anatomy Of The Spirit** Everest Media,2022-03-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The human energy field is a highly sensitive perceptual system that extends as far out as your outstretched arms and the full length of your body It is both an information center and a highly sensitive perceptual system The energy field carries emotional energy created by our internal and external experiences and it influences the physical tissue within our bodies 2 Positive images and the energy of positive experiences are also held in the energy field They are converted into matter by the brain and emotions are stored physically in our bodies and interact with our cells and tissues 3 The energy that is produced from our emotional and psychological states converts into biological matter through a highly complex process Each organ and system in the body is calibrated to absorb and process specific emotional and psychological energies 4 Intuitions are the

result of the body's attempt to promote its own health and they are usually only concerned with the part of the body that is becoming weakened or diseased. They transmit only the essential information to bring the conscious mind to an awareness of the imbalance or disease. *Awakening to the Spirit Within: Eight Paths* Pamela Smith Allen, PhD, 2003-09-12 The premise of *Awakening to the Spirit Within* is that all beings are connected by a spiritual energy which forms the essence of who they truly are. Eight paths which facilitate an awakening to this essence are explored. Native American Spirituality, Taoism, Hinduism, Buddhism, Kabbalah, Jesus and the Christ Within, Sufism, and The New Thought Movement. Practice exercises and references are also included. This book highlights some of the unique gifts which various spiritual traditions have to offer our world. In addition, it explores the mystical threads of connection which underlie them. Like the title suggests, it also gives ways of listening to guidance from within. The author includes messages from her own inner guidance in an effort to illustrate how this may occur. Her openness provides more warmth and intimacy than is usually found in such a book. In these uncertain times, there has been an upsurge of interest in books related to spirituality, religion, and mysticism. People are looking for ways to heal rather than destroy our planet. That is why this book and others like it are so timely and important in moving us closer to our shared goal of creating a more peaceful and harmonious world. *Yoga Journal*, 1996-10 For more than 30 years *Yoga Journal* has been helping readers achieve the balance and well-being they seek in their everyday lives. Getting thoughts create barriers that prohibit understanding. An affected person is unconsciously misled to believe that the only reality that exists is the one experienced by the five senses. As such, spirituality is reduced to a mechanical affair where the soul is bound and heaven is perceived as being a distant place that is unexperienceable until after death. The message contained in this book illuminates the idea: heaven is a choice and it can be experienced NOW. To claim this miracle for self, it is necessary to rework the thoughts in the mind. Those that create what is not wanted must be let go, and as a mother bear protects her cub, one must guard the thoughts allowed into the mind. Taking personal responsibility is at the heart of this self-work. This personal revolution is a process. Any courageous enough to claim it can expect to create the following intimate social relationships: responsive political systems, schools that teach children who they are, and loving families. *The Divine Universe* Zara Borthwick, Nicholas Arnold, 2013-11-12 This book is a work of spirit communication that introduces themes of Love and Spirit relating with the Natural love of man and the Divine Love of God.
