Boyle,2020-11-13 *American War Stories* asks readers to contemplate what traditionally constitutes a war story and how that constitution obscures the normalization of militarism in American culture The book claims the traditionally narrow scope of war story as by a combatant about his wartime experience compartmentalizes war casting armed violence as distinct from everyday American life Broadening war story beyond the specific genres of war narratives such as war films war fiction or war memoirs *American War Stories* exposes how ingrained militarism is in everyday American life a condition that challenges the very democratic principles the United States is touted as exemplifying **Vietnam War Stories** Tobey C. Herzog,2017-01-27 Dealing with ten key narratives including novels and personal accounts Herzog locates them in the tradition of war literature as well as recent cinema and charts the transformations of the American nation in its experience of modern war Secondary Heroines in

Nineteenth-Century British and American Novels Jennifer Camden, 2016-04-01 Taking up works by Samuel Richardson James Fenimore Cooper Sir Walter Scott and Catharine Maria Sedgwick among others Jennifer B Camden examines the role of female characters who while embodying the qualities associated with heroines fail to achieve this status in the story These secondary heroines often the friend or sister of the primary heroine typically disappear from the action of the novel as the courtship plot progresses only to return near the conclusion of the action with renewed demands on the reader's attention Accounting for this persistent pattern Camden suggests reveals the cultural work performed by these unusual figures in the early history of the novel Because she is often a far more vivid character than the heroine of the marriage plot the secondary heroine inevitably engages the reader's interest in her plight That the narrative apparently seeks to suppress her creates tension and points to the secondary heroine as a site of contested identity who represents an ideology of womanhood and nationhood at odds with the national ideals represented by the primary heroine whom the reader is asked to embrace In showing how the anxiety produced by these ideals is displaced onto the secondary heroine Camden's study represents an important intervention into the ways in which early novels use character to further ideologies of race class sex and gender

Children and Youth on the Front Line Jo Boyden, Joanna de Berry, 2005 This series reflects the multidisciplinary nature of the field and includes within its scope international law anthropology medicine geopolitics social psychology and economics

World War II at Sea Craig L. Symonds, 2018 Craig L Symonds *World War II at Sea* offers a definitive naval history of the Second World War presenting the chronology of the naval war from The London Conference of 1930 to the surrender in Tokyo Bay in 1945 on a global scale for the first time

Race, Empire and First World War Writing Santanu Das, 2011-04-28 This volume brings together an international cast of scholars from a variety of fields to examine the racial and colonial aspects of the First World War and show how issues of race and empire shaped its literature and culture The global nature of the First World War is fast becoming the focus of intense enquiry This book analyses European discourses about colonial participation and recovers the war experience of different racial ethnic and national groups including the Chinese Vietnamese Indians Maori West Africans and Jamaicans It also investigates testimonial and literary writings from war diaries and nursing memoirs to Irish New Zealand and African American literature and analyses processes of memory and commemoration in the former colonies and dominions Drawing upon archival literary and visual material the book provides a compelling account of the conflict's reverberations in Europe and its empires and reclaims the multiracial dimensions of war memory
