The articles that are presented in this book provide theoretical frameworks for using African traditional oral literature and its various tenets as teaching tools. They bring together new voices of how African literature could be used as a helpful tool in classrooms. Rationale for utilizing it as an ideal for pedagogic tool is the recurrent theme throughout the various articles presented. The book explores how educators, literacy educators, learners, activists, policy makers, and curriculum developers can utilize the powerful yet untapped gem of African oral literature as pedagogical tools in content area classrooms to help expand educators' repertoire of understanding beyond the conventional wisdom of their pedagogic creed. It is a comprehensive work of experienced and diverse scholars, academicians, and educators who have expertise in multicultural education, traditional oral literature, urban education, children's literature, and culturally responsive pedagogy that have become the focus of U.S. discourses in public education and teacher preparation. This anthology serves as part of the quest for multiple views about our global village, emphasizing the importance of linking the idea of diverse knowledge with realities of global trends and development. Consequently, the goal and the basic thrust of this anthology is to negotiate for space for non-mainstream epistemology to share the pedagogical floor with the mainstream template to foster an alternative vision of reality for other knowledge production in the academic domain. The uniqueness of this collection is the idea of bringing the content and the pedagogy of most of the genres of African oral arts under one umbrella and thereby offering a practical acquaintance and appreciation with different African cultures. It therefore introduces the world of African mind and thoughts to the readers. In summary, this anthology presents an academic area which is now gaining its long overdue recognition in the academia.

[It's Time for Tricks!](#) Deborah Duncan, 2023-02-15. Anansi the spider may be the smallest animal in the forest but he is certain that he is also the cleverest. He loves to play tricks on the other animals. But Anansi underestimates just how smart his friends can be; they often manage to trick him right back using his own greed and laziness against him. In these seven trickster tales, Anansi outwits proud Snake and King Tiger but he is outwitted by slow Turtle. He learns the hard way to respect the magical gifts he receives from Brother Breeze. And when Anansi discovers what might be his best trick yet, it is tiny quiet Small Deer who thinks through the problem and makes things right with the other animals of the forest. These playful, humorous stories are perfect for audiences age 4 and up and readers age 6 and up. With vibrant illustrations by South African illustrator Toby Newsome and interesting details about West African and Caribbean culture, this book will entertain and educate readers while stoking their enthusiasm for trickster traditions around the world. Proceeds from this book will support grassroots organizations working in HIV and AIDS across sub-Saharan Africa. **Something**
