Koch,2018-01-24 Gateway courses college credit bearing and or developmental education courses that enroll large numbers of students and have high rates of Ds Fs withdrawals and incompletes are a ubiquitous part of the undergraduate experience in the United States As long as there have been U S colleges and universities there have been entry courses that pose difficulties for students courses that have served more as weeding out rather than gearing up experiences for

undergraduates This volume makes the case that the weed out dynamic is no longer acceptable if it ever was Contemporary postsecondary education is characterized by vastly expanded access for historically underserved populations of students and this new level of access is coupled with increased scrutiny of retention and graduation outcomes Chapters in this volume define and explore issues in gateway courses and provide various examples of how to improve teaching learning and outcomes in these foundational components of the undergraduate experience Back cover
