The Spiritual Anatomy of Emotion Michael A. Jawer, 2009-05-21 A cutting edge examination of feelings not thoughts as the gateway to understanding consciousness Contends that emotion is the greatest influence on personality development Offers a new perspective on immunity stress and psychosomatic conditions Explains how emotion is key to understanding out of body experience apparitions and other anomalous perceptions Contemporary science holds that the brain rules the body and generates all our feelings and perceptions Michael Jawer and Dr Marc Micozzi disagree They contend that it is our feelings that underlie our conscious selves and determine what we think and how we conduct our lives The less consciousness we have of our emotional being the more physical disturbances we are likely to have from ailments such as migraines fibromyalgia chronic fatigue and post traumatic stress to anomalous perceptions such as apparitions and involuntary out of body experiences Using the latest scientific research on immunity sensation stress cognition and emotional expression the authors demonstrate that the way we process our feelings provides a key to who is most likely to experience these phenomena and why They explain that emotion is a portal into the world of extraordinary perception and they provide the studies that validate the science behind telepathic dreams poltergeists and ESP The *Spiritual Anatomy of Emotion* challenges the prevailing belief that the brain must necessarily rule the body Far from being by products of neurochemistry the authors show that emotions are the key vehicle by which we can understand ourselves and our interactions with the world around us as well as our most intriguing and perennially baffling experiences

Anatomy of 55 Hit Songs Marc Myers, 2022-11-03 Songs that sell the most copies become hits but some of those hits become something more iconic recordings that not only inspire a generation but also alter the direction of music In this follow up to his classic *Anatomy of a Song* writer and music historian Marc Myers tells the stories behind fifty five more rock pop R Joan Jett remembers channeling her rage against how she had been unfairly labeled and treated into *Bad Reputation* and Ozzy Osbourne Elvis Costello Bob Weir Sheryl Crow Alice Cooper Roberta Flack John Mellencamp Keith Richards Carly Simon and many others reveal the emotions and technique behind their major works

Anatomy of Success Saleem Bidaoui, 2009-11-01 Reprogram your brain and fine tune your approach to life by unearthing the tools you already possess to build success from the inside out Some people are truly committed to doing whatever it takes to change the status quo They

read all they can attend seminars and watch videos every day but to no avail Anatomy of Success addresses this issue and provides insights on why some of us fail and what should be done to ensure success on a permanent basis Part One of the book delves into understanding the mechanics of our brain and why we may or may not achieve what we want in life Further it s about tapping into our true potential and why and how every normal human being is fully equipped to reach any summit of success they may desire Part Two is about the tools and the process needed to complete the journey naturally and effortlessly Most of us use computer programs at minimum capacity simply because that s all we know Most of us use our brains in the same way The goal of this book is to illustrate the real capacity and potency of our brains then provide the essential tools and the means to achieve our dreams Anatomy of Success is unique in that it not only has a wealth of scientific evidence about how the brain achieves success but also provides a simple process to clean up our bio hard drive tune it up then reprogram it for optimal success

Music, Evolution, and the Harmony of Souls Alan R. Harvey, 2017 Music is central to human cultural and intellectual experience It is vitally important for the welfare of human society and this book argues should become more widely accepted in our community as a mainstream educational and therapeutic tool This book explores the importance of music throughout human evolution and its continued relevance to modern day human society Throughout the emphasis is on the origin of music and how and where it is processed in our brains exploring in detail the genetic and cultural evolution of modern loquacious humans how we may have evolved with unique neural and cognitive architecture and why two complementary but distinct communication systems language and music remain a human universal In addition the book explores in some depth the different theories that have been put forward to explain why musical communication was and remains advantageous to our species with a particular emphasis on the role of music and dance in enhancing altruistic and prosocial behaviours The author suggests that music and the social harmonization it brings was of vital importance in early humans as we became more and more individualized by the emergence of modern language and the modern mind and the realization that we are mortal Music Evolution and the Harmony of Souls demonstrates the evolutionary sociobiological importance of music as a driver of cooperative and interactive behaviour throughout human existence and what this evolutionary imperative means to twenty first century humanity and beyond from social and medical neurological perspectives
