Undomesticated Ground Stacy Alaimo, 2019-01-24 From Mother Earth to Mother Nature women have for centuries been associated with nature Feminists troubled by the way in which such representations show women controlled by powerful natural forces and confined to domestic space have sought to distance themselves from nature In *Undomesticated Ground* Stacy Alaimo issues a bold call to reclaim nature as feminist space Her analysis of a remarkable range of feminist writings as well as of popular journalism visual arts television and film powerfully demonstrates that nature has been and continues to be an essential concept for feminist theory and practice Alaimo urges feminist theorists to rethink the concept of nature by probing the vastly different meanings that it carries She discusses its significance for Americans engaged in social and political struggles from for example the Indian Wars of the early nineteenth century to the birth control movement in the 1920s to contemporary battles against racism and heterosexism Reading works by Catherine Sedgwick Mary Austin Emma Goldman Nella Larsen Donna Haraway Toni Morrison and others Alaimo finds that some of these writers strategically invoke nature for feminist purposes while others cast nature as a postmodern agent of resistance in the service of both environmentalism and the women's movement By examining the importance of nature within literary and political texts this book greatly expands the parameters of the nature writing genre and establishes nature as a crucial site for the cultural work of feminism

Transformation of Love Elif Güvendi Yalçın, 2022-11-03 Romances date back to the creation of stories Although the definition of the genre has changed in time from the Ancient Greeks to the Bildungsromans to the 19th century and today's courtship novels both scholarship and widely held attitudes towards romance has remained fixedly and prioritized only the universality unoriginality and continuity of romance fiction instead of its sociocultural effect of

promoting positive ideals like female empowerment The portrayal of women in social roles has been in a state of constant change including their relationship with and relation to men This book explores only medieval historical romance fictions and their changes through the course of the time I examine three medieval romances content Walter Scott s *Ivanhoe* 1920 Kathleen Woodowiss *The Wolf and the Dove* 1974 and Amanda Quick s *Mystique* 1995 written in different time periods based on content analysis using Anthony Giddens s 1992 theories of intimacy In addition it will address romance novels views about sex gender and love roles

The Spread of Novels Mary Helen McMurren, 2009-08-24 Fiction has always been in a state of transformation and circulation how does this history of mobility inform the emergence of the novel *The Spread of Novels* explores the active movements of English and French fiction in the eighteenth century and argues that the new literary form of the novel was the result of a shift in translation Demonstrating that translation was both the cause and means by which the novel attained success Mary Helen McMurren shows how this period was a watershed in translation history signaling the end of a premodern system of translation and the advent of modern literary exchange McMurren illuminates aspects of prose fiction translation history including the radical revision of fiction s origins from that of cross cultural transfer to one rooted by nation the contradictory pressures of the book trade which relied on translators to energize the market despite the increasing devaluation of their labor and the dynamic role played by prose fiction translation in Anglo French relations across the Channel and in the New World McMurren examines French and British novels as well as fiction that circulated in colonial North America and she considers primary source materials by writers as varied as Frances Brooke Daniel Defoe Samuel Richardson and Fran oise Graffigny *The Spread of Novels* reassesses the novel s embodiment of modernity and individualism discloses the novel s surprisingly unmodern characteristics and recasts the genre s rise as part of a burgeoning vernacular cosmopolitanism

Cultural Secrets as Narrative Form Margaret K. Reid, 2004 *Cultural Secrets as Narrative Form* Storytelling in Nineteenth Century America examines the interplay between the familiar and the forgotten in tales of America s first century as a nation By studying both the common concerns and the rising tensions between the known and the unknown the told and the untold this book offers readers new insight into the making of a nation through stories Here identity is built not so much through the winnowing competition of perspectives as through the cumulative layering of stories derived from sources as diverse as rumors circulating in early patriot newspapers and the highest achievements of aesthetic culture And yet this is not a source study the interaction of texts is reciprocal and the texts studied are not simply complementary but often jarring in their interrelations The result is a new model of just how some of America s central episodes of self definition the Puritan legacy the Revolutionary War and the Western frontier have achieved near mythic force in the national imagination The most powerful myths of national identity this author argues are not those that erase historical facts but those able to transform such facts into their own deep resources Book jacket

Yesterday's Woman Vineta Colby, 2015-03-08 Encouraged by the response of the avid novel reading public in early nineteenth century England minor novelists produced a staggering number of volumes that shaped styles

formed attitudes and gave to the novel a new status and respectability. These novels were read by both sexes but the majority were written by women. Vineta Colby examines the works of such minor novelists as Mrs Gore, Maria Edgeworth, Charlotte Yonge and Harriet Martineau, arguing that they prepared the way for the novels of the great Victorian era. Antiromantic and bourgeois in spirit, these domestic novels were concerned with daily living in ordinary society. As the form developed, the novels turned away from idle romance to a serious treatment of basic questions of human and social values. Professor Colby demonstrates how the preoccupation with high society, childhood and village life laid the thematic foundations for the more sophisticated works of the later Victorians. The author concludes by showing that the disruption of the family unit by technology, urbanization and scientific materialism led the domestic novel into the realms of literary naturalism and social realism. Originally published in 1974, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. Rediasporization Gillian Richards-Greaves, 2020-11-24

Rediasporization African Guyanese Kweh Kweh examines how African Guyanese in New York City participate in the Come to My Kwe Kwe ritual to facilitate rediasporization, that is, the creation of a newer diaspora from an existing one. Since the fall of 2005, African Guyanese in New York City have celebrated Come to My Kwe Kwe, more recently called Kwe Kwe Night, on the Friday evening before Labor Day. Come to My Kwe Kwe is a reenactment of a uniquely African Guyanese pre-wedding ritual called kweh kweh and sometimes referred to as karkalay, mayan kweh keh and pele. A typical traditional wedding-based kweh kweh has approximately ten ritual segments which include the pouring of libation to welcome or appease the ancestors, a procession from the groom's residence to the bride's residence or central kweh kweh venue, the hiding of the bride and the negotiation of bride price. Each ritual segment is executed with music and dance which allow for commentary on conjugal matters such as sex, domestication, submissiveness and hard work. Come to My Kwe Kwe replicates the overarching segments of the traditional kweh kweh but a couple, male and female from the audience, acts as the bride and groom and props simulate the boundaries of the traditional performance space such as the gate and the bride's home. This book draws on more than a decade of ethnographic research data and demonstrates how Come to My Kwe Kwe allows African Guyanese Americans to negotiate complex overlapping identities in their new homeland by combining elements from the past and present and reinterpreting them to facilitate rediasporization and ensure group survival.

Encyclopedia of Victorian Women's Writing Lesa Scholl,Emily Morris,2022-12-15 Since the late twentieth century there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature However with the increased understanding of the importance of interdisciplinarity in the twenty first century there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century a time that was intrinsically interdisciplinary in approach to scholarly writing and public intellectual engagement
