Selverstone,2022-11-15 In October 1963 President Kennedy proposed withdrawing from Vietnam gaining him a durable reputation as a skeptic on the war However drawing on secret White House tapes Marc Selverstone reveals that JFK never had a firm intention to withdraw The real value of the proposal lay in obtaining political cover for his open ended Vietnam policy Masters of the Air Donald L. Miller,2006-10-10 The inspiration for the major Apple TV series streaming now The riveting history of the American Eighth Air Force in World War II and the young men who flew the bombers that helped beat the Nazis and liberate Europe brilliantly told by historian and World War II expert Donald L Miller The Masters of the Air streaming series stars Austin Butler and Callum Turner and is produced by Tom Hanks and Steven Spielberg the legendary duo behind Band of Brothers and The Pacific Masters of the Air is the deeply personal story of the American bomber boys in World War II who brought the war to Hitler s doorstep With the narrative power of fiction Donald Miller takes you on a harrowing ride through the fire filled skies over Berlin Hanover and Dresden and describes the terrible cost of bombing for the German people Masters of the Air is the deeply personal story of the American bomber boys in World War II who brought the war to Hitler s doorstep With the narrative power of fiction Donald Miller takes you on a harrowing ride through the fire filled skies over Berlin Hanover and Dresden and describes the terrible cost of bombing for the German people Fighting at 25 000 feet in thin freezing air that no warriors had ever encountered before bomber crews battled new kinds of assaults on body and mind Air combat was deadly but intermittent periods of inactivity and anxiety were followed by short bursts of fire and fear Unlike infantrymen bomber boys slept on clean sheets drank beer in local pubs and danced to the swing music of Glenn Miller s Air Force band which toured US air bases in England But they had a much greater chance of dying than ground soldiers The bomber crews were an elite group of warriors who were a microcosm of America white America anyway The actor Jimmy Stewart was a bomber boy and so was the King of Hollywood Clark Gable And the air war was filmed by Oscar winning director William Wyler and covered by reporters like Andy Rooney and Walter Cronkite all of whom flew combat missions with the men The Anglo American bombing campaign against Nazi Germany was

Leaders and Their Followers in a Dangerous World Jerrold M. Post, 2004 Post is a pioneer in the field of political personality profiling He may be the only psychiatrist who has specialized in the self-esteem problems of both Osama bin Laden and Saddam Hussein The New Yorker Policy specialists and academic scholars have long agreed that for U S leaders to deal effectively with other actors in the international arena they need images of their adversaries Leaders must try to see events and indeed their own behavior from the perspective of opponents Faulty images are a source of misperceptions and miscalculations that have often led to major errors in policy avoidable catastrophes and missed opportunities History supplies all too many examples from the Foreword What impels leaders to lead and followers to follow How did Osama bin Laden the son of a multibillionaire construction magnate in Saudi Arabia become the world's number one terrorist What are the psychological foundations of man's inhumanity to man ethnic cleansing and genocide Jerrold M Post contends that such questions can be answered only through an understanding of the psychological foundations of leader personality and political behavior Post was founding director of the Center for the Analysis of Personality and Political Behavior for the CIA He developed the political personality profiles of Menachem Begin and Anwar Sadat for President Jimmy Carter's use at the Camp David talks and initiated the U S government's research program on the psychology of political terrorism He was awarded the Intelligence Medal of Merit in 1979 for his leadership of the center In this book he draws on psychological and personality theories as well as interviews with individual terrorists and those who have interacted with particular leaders to discuss a range of issues the effects of illness and age on a leader's political behavior narcissism and the relationship between followers and a charismatic leader the impact of crisis induced stress on policymakers the mind of the terrorist with

The American Nuclear Disarmament Dilemma, 1945-1963 David Tal, 2008-09-25 the atomic bombs dropped on Hiroshima and Nagasaki in 1945 quickly ushered in a popular and political movement toward nuclear disarmament Across the globe heads of state high ranking ministers and bureaucrats led intense efforts to achieve effective disarmament agreements Ultimately these efforts failed In *The American Nuclear Disarmament Dilemma* David Tal offers a detailed analysis of U S policy from 1945 to the summer of 1963 exploring the reasons for failure and revealing the complex motivations that eventually led to the Limited Test Ban Treaty While previous books have focused on the policies of specific administrations Tal's is the first to consider negotiations as an evolving phenomenon that preoccupied three presidents from Truman to Kennedy Drawing on extensive archival research the author examines the profound dilemma faced by leaders on all sides forced by political pressure to engage in negotiations whose success they saw as injurious to national interests Far from believing that the nuclear arms race would inevitably lead to war the United States regarded nuclear weapons as the greatest guarantee that war would not happen

The Presidents and the Poor Lawrence J. McAndrews, 2018-08-22 Declaring a War on Poverty in 1964 President Lyndon Baines Johnson proclaimed We shall not rest until that war is won Since then nine presidents have come and gone each taking up the campaign in his own way but the poor are still here While all of these presidents have helped produce meaningful changes in the lives of the nation's underclass their setbacks have been at least as notable as their successes *The Presidents and the Poor* asks why This book is the first thorough study of the policies and politics of the presidents from Johnson to Barack Obama what they did right and how they went wrong in over half a century of fighting poverty Many factors conspired to frustrate Democratic efforts to escalate Johnson's War on Poverty and Republican attempts to unravel it the rivalry of the two party system the frequency of congressional elections the fluctuations of the economy the demands of foreign policy the inertia of the federal bureaucracy the tensions among cities states and Washington DC and the priorities of the presidents the press and the public Examining how each president tried to alleviate the suffering of the poor including what resources he marshaled for which programs policies legal strategies and political maneuvers Lawrence J McAndrews details how and why none of the presidents were able to surmount the enormous socioeconomic political and cultural barriers to eradicating poverty Comprehensive and engaging rich in primary research and sobering in its conclusions his book brings much needed attention and clarity to an enduring yet too often neglected problem

The Cuba Project Peter Pavia, 2025-09-23 A sexy shoot em up telling of the CIA and FBI's attempts to take control of Castro's Cuba before and during the Kennedy administration Pavia's colorful account reveals high stakes bumbling and wishful thinking on the part of U S intelligence and diplomatic officials

The story features a bold cast of characters Casino owners washed up oddities like actor Errol Flynn mob boss Santo Trafficante and a covert band of ex cons dubbed the Doughnut Army converge with countless agents trying to keep a lid on the tinderbox of revolutionary Cuba and Cuban Miami The book is based on extensive interviews with the American Cold Warriors who lived and breathed The Cuba Project [The ^AMaking of a Catholic President](#) Shaun Casey,2009-01-23 The 1960 presidential election won ultimately by John F Kennedy was one of the closest and most contentious in American history The country had never elected a Roman Catholic president In The Making of a Catholic President Shaun Casey tells the fascinating story of how the Kennedy campaign transformed the religion question from a liability into an asset making him the first and still only Catholic president *Manhood and American Political Culture in the Cold War* K.A. Cuordileone,2012-11-12 *Manhood and American Political Culture in the Cold War* explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti Communism but acute anxieties about manhood and sexuality Reading major figures like Arthur Schlesinger Jr Adlai Stevenson Joseph McCarthy Norman Mailer JFK and many lesser known public figures Cuordileone reveals how the era s cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior *This Is Not a President* Diane Rubenstein,2008-01-01 Read The Chronicle of Higher Ed Author Interview In This Is Not a President Diane Rubenstein looks at the postmodern presidency from Reagan and George H W Bush through the current administration and including Hillary Focusing on those seemingly inexplicable gaps or blind spots in recent American presidential politics Rubenstein interrogates symptomatic moments in political rhetoric popular culture and presidential behavior to elucidate profound and disturbing changes in the American presidency and the way it embodies a national imaginary In a series of essays written in real time over the past four presidential administrations Rubenstein traces the vernacular use of the American presidency as currency as grist for popular biography as fictional TV material to explore the ways in which the American presidency functions as a transitional object that allows the American citizen to meet or discover the president while going about her everyday life The book argues that it is French theory primarily Lacanian psychoanalysis and the radical semiotic theories of Jean Baudrillard that best accounts for American political life today Through episodes as diverse as Iran Contra George H W Bush vomiting in Japan the 1992 Republican convention the failed nomination of Lani Guinier and the Iraq War This Is Not a President brilliantly situates our collective investment in American political culture *The Politics of Deception* Patrick J. Sloyan,2015-02-10 Investigative reporter Patrick J Sloyan a former member of the White House Press Corps revisits the last years of John F Kennedy s presidency his fateful involvement with Diem s assassination the Cuban Missile Crisis and the Civil Rights Movement Using recently released White House tape recordings and interviews with key inside players The Politics of Deception reveals Kennedy s secret behind the scenes deals to resolve the Cuban Missile Crisis The overthrow and

No Right Turn David T. Courtwright, 2011-02-01 Few question the right turn America took after 1966 when liberal political power began to wane But if they did *No Right Turn* suggests they might discover that all was not really right with the conservative golden age A provocative overview of a half century of American politics the book takes a hard look at the counterrevolutionary dreams of liberalism's enemies to overturn people's reliance on expanding government reverse the moral and sexual revolutions and win the Culture War and finds them largely unfulfilled David Courtwright deftly profiles celebrated and controversial figures from Clare Boothe Luce Barry Goldwater and the Kennedy brothers to Jerry Falwell David Stockman and Lee Atwater He shows us Richard Nixon's keen talent for turning popular anxieties about morality and federal meddling to Republican advantage and his inability to translate this advantage into reactionary policies Corporate interests boomer lifestyles and the media weighed heavily against Nixon and his successors who placated their base with high profile attacks on crime drugs and welfare dependency Meanwhile religious conservatives floundered on abortion and school prayer obscenity gay rights and legalized vices like gambling and fiscal conservatives watched in dismay as the bills mounted We see how President Reagan's mélange of big government strong defense lower taxes higher deficits mass imprisonment and patriotic symbolism proved an illusory form of conservatism Ultimately conservatives themselves rebelled against George W Bush's profligate brand of Reaganism Courtwright's account is both surprising and compelling a bracing argument against some of our most cherished clichés about recent American history

Reich, 2013-10-15 Fifty years after John F Kennedy s death we find ourselves enmeshed in an era of political division and cynicism where politicians talk past one another and the spirit of Ask not what your country can do for you ask what you can do for your country is less visible than it should be We seem to have forgotten that we re all on the

same team Fortunately Scott D Reich has given us *The Power of Citizenship* a timely book to bring us back on track Reich asserts that the most powerful element of Kennedy's legacy is his emphasis on the theme of citizenship and that a rededication to the values Kennedy promoted will shine a bright path forward for our country Evoking the hopes and aspirations of the 1960s Reich recaptures the excitement of the Kennedy era But what truly sets this book apart is the unique way it blends the romance of Camelot with the new frontiers of today not only identifying modern challenges but also offering a tangible blueprint for how we can improve our public discourse be good citizens and lift our nation to new heights of greatness Part history and part call to action *The Power of Citizenship* hones in on the very essence of what made JFK so inspirational and timeless reminding us once again that we must ask what we can do for our country This is a must read for Americans of all generations
