✓ Exclusively available on IvyPanda

Introduction

Studying historical primary sources and analytical records regarding given materials is a critical skill that can assist in the academic study of information. Colonial wars and expansions are information that lends itself to being studied from a historically accurate perspective. At the same time, articles that consider all related problems and developments can shed light on what circumstances are essential for consideration. Thus, connecting sources to address a specific issue is an aspect that can effectively help to increase reliable awareness of the topic of colonialism.

The Main Thesis, Arguments, and Evidence in the Secondary Source

European imperial expansion in Africa is an appropriate historical event to examine aspects of this event through the lens of secondary sources. One such article is Tanja Bühner (2008), which reveals the role of the Berlin Conference in marking the beginning of the Scramble for Africa. The central thesis of this text is that the Berlin Conference is often unfairly considered the starting point of colonialism in Africa. The arguments in favor of this point of view are that colonial activity was quite active before the conference, which indicates that this event did not impact the continent's conquest.

The author mentions the occupation of Tunisia as an example of active efforts to establish a British protectorate in Egypt (Bühner 2008). Another argument given by the author is that the original motive for holding the conference was Otto von Bismarck's goal to avoid European tension (Bühner 2008). The text mentions sources related to European colonialism, including agreements between countries and the conference results. This is evidence confirming the true significance and influence of the conference on the conquest of Africa. The place of this document in historiography can be

Religious Warfare in Europe 1400-1536 Norman Housley, 2008-11-06 Religious warfare has been a recurrent feature of European history In this intelligent and readable study the distinguished Crusade historian Norman Housley describes and analyses the principal expressions of holy war in the period from the Hussite wars to the first generation of the Reformation The context was one of

both challenge and expansion The Ottoman Turks posed an unprecedented external threat to the Christian republic while doctrinal dissent constant warfare between states and rebellion eroded it from within Professor Housley shows how in these circumstances the propensity to sanctify warfare took radically different forms At times warfare between national communities was shaped by convictions of sacred patriotism either in defending God given native land or in the pursuit of messianic programmes abroad Insurrectionary activity especially when driven by apocalyptic expectations was a second important type of religious war In the 1420s and early 1430s the Hussites waged war successfully in defence of what they believed to be God s Law And some frontier communities depicted their struggle against non believers as religious war by reference to crusading ideas and habits of thought Professor Housley pinpoints what these conflicts had in common in the ways the combatants perceived their own role their demonization of their opponents and the ongoing critique of religious war in all its forms This is a major contribution to both Crusade history and the study of the Wars of Religion of the early modern period Professor Housley explores the interaction between Crusade and religious war in the broader sense and argues that the religious violence of the sixteenth and seventeenth centuries was organic in the sense that it sprang from deeply rooted proclivities within European society

The Journal of Education Thomas Williams Bicknell, Albert Edward Winship, Anson Wood Belding, 1894 **Germans and Poles in the Middle Ages**, 2021-08-16 This volume examines mutual ethnic and national perceptions and stereotypes in the Middle Ages by analysing a range of narrative historical sources such as chronicles hagiography and literary material with a particular focus on the mutual history of Germany and Poland What sorts of stereotypes and prejudices existed in the Middle Ages and how widespread were they Or what other types of differentiating features were considered and why The majority of the contributions clearly shows that medieval authors in general displayed only limited interest in the activities of neighbouring lands and only then when it concerned their own interests such as matters of conflict diplomacy or marriage while criticism usually focused on individuals rather than being generalised to bordering regions as a whole Contributors are Isabelle Chwalka Jarochna D browska Burkhardt Stephan Flemmig S awomir Gawlas Georg Jostkleigrew David Kalhous Norbert Kersken Paul Martin Langner Roman Micha owski Wojciech Mrozowicz Piotr Okni ski Andrzej Pleszczy ski Volker Scior Florian M Schmid Marcin Starzy ski Adam Szweda Kristin Skottki Grischa Vercamer and Thomas W nsch Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1902 **The Military Orders Volume II** Helen #N/A, 2017-07-05 Nearly nine centuries after their first
