100 Tough Questions about God and the Bible Stephen M. Miller, 2014-04-15 Straightforward answers to questions Christians and skeptics alike ask about God and the Bible Let's be honest the Bible can be hard to understand It's full of weird laws apparent inconsistencies and tales of a God who often doesn't do what we expect You may have asked about some of these things and been brushed off or given trite unconvincing answers But serious questions deserve thoughtful responses especially when opinions of Bible experts clash Stephen M Miller pulls insight from a wide range of Bible experts to report their answers to the tough questions He does so with a touch of humor and no preaching allowing you to draw your own conclusions Questions include Would a loving God really put a good man like Job through horrible suffering just to test his loyalty If God knows everything why did he test Abraham's faith by asking him to sacrifice his own son How could there be just one God yet three Since Jesus told people to turn the other cheek why aren't more Christians pacifists The 100 Most Asked Questions about God and the Bible S. Michael Houdmann, 2024-04-09 What questions do you have about God and the Bible Sometimes the truth can be hard to find We live in an age where it only takes a few seconds to look up anything we want to know But how reliable are the answers we get For more than two decades S Michael Houdmann and GotQuestions.org have cut through the confusion answering even the hardest of questions with clarity grace and love GotQuestions.org is the most trusted biblically grounded resource online This book answers one hundred of the most frequently asked questions on the site in a compassionate accessible and straightforward manner including questions like Is Jesus God Who is the Holy Spirit What is salvation What happens after death How why and when did Satan fall from heaven What signs indicate that the end times are approaching What does the Bible say about divorce and remarriage People have big questions about God and the Bible and the answers have real world consequences Here is the biblical truth we all need to better understand God ourselves and the world we live in 100 Tough Questions for God (If You Dare to Know the Answers!) Daryl Gramling, 2010-11 100 Tough Questions for God invites readers down a path of spiritual discovery guided by practical questions that shed light on issues that matter most Our omniscient God delights to give us answers if only we dare to ask the questions Answers to Tough Questions Tony Martinez, 2010-03-04 We live in a world filled with complexities and difficult choices to make When we add in the hectic and fast-paced lives that we lead it's no wonder that most of us spend a lifetime searching for answers Unfortunately many people fail to go to the one place that contains answers to every difficulty that man could face the Bible Answers to Tough Questions is meant to encourage believers not only to finding the answers to life's difficulties but to maintaining consistent fellowship with the Lord who holds those answers This book was prayerfully conceived with the desire that every reader would be strengthened and encouraged in their growth in the Lord Straight Answers to 35 Tough Questions Gordon Kainer, 2017-07-18 Many years ago Bob Dylan wrote The answer my friend is blowing in the wind but we've learned that really important answers don't come that easily Asking questions is a sign of a healthy

growing faith a faith that drives us deeper into God's Word That's the reason God's first question in the Old Testament is Where are you while the first question the wise men ask in the New Testament is Where is He It's been observed that God answers just enough questions to get us through the day while leaving us with enough unanswered questions so we can look forward to learning more tomorrow This book is designed to deal with some of our most difficult questions or troubling issues from a biblical perspective At times it may appear that some questions have no answer or maybe have more than one or perhaps have answers that contradict each other That's one reason we're not only to confront knotty questions but willingly accept God's unraveling answers

Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
