100 Years From Now Sustaining A Movement For Generations :

100 Years from Now Steve Murrell, 2013-08-13 Over the next century the world will see changes we can't even imagine. Advances in technology, shifts in demographics and developments in global politics will all play a part in dramatically transforming our future. But this book is not about predicting the future; it's about understanding the principles that will shape it. Scores of youth-oriented church planting movements have come and gone quickly over the last century, many of them with the potential to literally change the world for Christ. Unfortunately, most didn't survive because they were unable to maintain what made them so effective in their first twenty years. The same mission values and culture that inspire movements must also sustain them. Simple to say, not so easy to do. **100 Years From Now** explores the importance of understanding mission values and culture in order to grow and sustain a movement for generations. **100 Years from Now** invites a truly global conversation on what the Spirit is saying to the churches about God's mission for every nation. Dr. Timoteo Gener, President and Professor of Theology, Asian Theological Seminary. **The Multiplication Challenge** Steve Murrell, William Murrell, 2016-12-02 Where do I find more leaders? Every leader of a growing organization asks this question. And though we know we need more leaders, few of us know how to create a culture of leadership development. This book recounts how Steve Murrell and Every Nation rediscovered four leadership multipliers that solved the leadership shortage of a growing church and global mission organization. The principles and stories in these pages will help you identify leaders, develop current leaders, and multiply future leaders. **Minutes of the General Conference of the Congregational Churches in Massachusetts** General Conference of the Congregational Churches in Massachusetts, 1860 **Water Environment & Technology**, 2007-07 *Congressional Record* United States Congress, 1999 **Handbook of Community-Based Clinical Practice** Anita Lightburn, Phebe Sessions, 2006 Bridges community practice and clinical practice by collecting 33 chapters from social workers, psychologists, and psychiatrists that outline and illustrate the state of the art.
