Agrotropolis J.T. Way, 2021-01-26 In *Agrotropolis* historian J T Way traces the developments of Guatemalan urbanization and youth culture since 1983 In case studies that bring together political economy popular music and everyday life Way explores the rise of urban space in towns seen as quintessentially rural and showcases grassroots cultural assertiveness In a post revolutionary era young people coming of age on the globally inflected city street used popular culture as one means of creating a new national imaginary that rejects Guatemala's racially coded system of castes Drawing on local sources deep ethnographies and the digital archive *Agrotropolis* places working class Maya and mestizo hometowns and creativity at the center of planetary urban history *Treaties in Force*, 1996 Hubbing for Tourists Evan R. Ward, 2023-09-05 Dubai International Airport DXB Emirates Airlines and the Burj al Arab Changi International Airport SIN Singapore Airlines and Marina Bay Sands Chek Lap Kok HKG Cathay Pacific and The Peninsula Hotel Kingsford Smith SYD Qantas Airlines and the Wentworth Hotel What do these collective entities have in common Not only do they link global air hubs with city centric long haul airlines and destination worthy hotels but they are the product of a distinct strategy to boost tourism development through the synergies created by aviation development This volume explores the evolution of tourism development through synergies created by airline airport and hotel development in the Persian Gulf namely Dubai Southeast Asia primarily Singapore and East Asia mainly Hong Kong during the twentieth and twenty first centuries These hubs included but went beyond traditional models of hotel development as models for economically viable tourism programs particularly after World War II The book also examines how such systems integrated travelers airlines and airports in Australasia and Europe while at the same time competing with imperial systems of airport and airline development This book illuminates the strategies behind and competition between cities during the current century for air traffic tourists and airlines transiting between Europe Southeast Asia and Australasia The Times Index, 2007 Indexes the Times and its supplements **Battlefield Tourism** David William Lloyd, 2014-07-31 In the aftermath of the Great War a wave of tourists and pilgrims visited the battlefields cemeteries and memorials of the war The cultural history of this battlefield tourism is chronicled in this absorbing and original book which shows how the phenomenon served to construct memory in Britain as well as in Australia and Canada The author demonstrates that high and low culture tradition and modernism the sacred and the profane were often inter related rather than polar opposites The various responses to the actual and imagined landscapes of battlefields are discussed as well as bereavement and how this was shaped by gender religion and the military experience Individual memory and experience combined with nationalism and imperial identity as powerful forces informing the pilgrim experience But this book not only analyzes travel to battlefields which unsurprisingly paralleled the growth of the modern tourist industry it also looks closely at the transformation of national war memorials into pilgrimage sites and shows how responses both to battlefields and memorials which continue to serve as potent symbols evolved in the years after the Great War

Imagining the Tropics Elizabeth S. Manley, Elizabeth Manley, 2025-05-13 *Imagining the Tropics* is a history of the development of tourism in the Caribbean from the 1910s through the 1970s that focuses on the ways women's labors of hospitality writing and advocacy built the industry and its ubiquitous imagery of tropical island relaxation escape and romance. By examining a range of sources engaging an array of women protagonists and looking broadly across multiple Caribbean island states including Jamaica, Cuba, the Bahamas, Barbados, the Dominican Republic, Haiti, Puerto Rico, Trinidad and Tobago, and the U.S. and British Virgin Islands, it seeks to understand how the region came to be sold as a romantic escape from the troubles of the modern world. By putting women at the center of Caribbean tourism history as both its ambassadors and objects of desire, it seeks to explain some of the complicated contradictions that plague the business of pleasure but also to point toward ways of building alternative models to its present and past extractive realities.

Travel Journalism and Travel Media Ben Cocking, 2020-06-08 This book charts the trajectory of travel journalism from its print-based origins to the emergence of hybridised multi-platform content. It considers how this has led to not only different kinds of travel journalism but different kinds of travel journalists: the professional travel journalist is now challenged online by user-generated content. Cocking focuses on the conventions and news values of British print-based travel journalism, examining the genre's liminal position between truth and fiction. In the context of the expansion of global tourism, Cocking explores how travel journalism from different parts of the world negotiates cultural differences in its depictions of destinations, regions, and tourist practices. Consideration is also given to the political potential of travel journalism and its capacity for awareness-raising. Based on original research including qualitative analysis of print-based articles and blogs, this book offers an innovative and original contribution to this emerging field of study.
