Primary School Achievement in English and Mathematics in Zimbabwe Levi M. Nyagura, Abby Rubin Riddell, 1993
In Zimbabwe's primary schools higher achievement in math is associated with the amount of teacher training and instructional time as well as the pupil teacher ratio Higher achievement in English is associated with the pupil teacher and textbook to pupil ratios as well as the amount of teacher training *Proceedings Of The 14th International Congress On Mathematical Education (In 2 Volumes)* Jianpan Wang, 2024-06-07 The International Congress on Mathematical Education ICME is the largest international conference on mathematics education in the world This quadrennial event is organized under the auspices of the International Commission on Mathematical Instruction ICMI This book the Proceedings of ICME 14 presents the latest trends in mathematics education research and mathematics teaching practices at all levels Each chapter covers an extensive range of topics in mathematics education Volume I consists of 4 Plenary Lectures 3 Plenary Panels 5 Lectures of Awardees 4 Survey Teams 62 Topic Study Groups 13 Discussion Groups 20 Workshops a Thematic Afternoon and an Early Career Researcher Day Plenary Lectures recognize substantial and continuing contributions to the growth of the field of Mathematics Education Plenary Panels address three major challenges currently facing mathematics educators across the globe The Survey Teams have a particular emphasis on identifying and characterizing important new knowledge recent developments new perspectives and emergent issues The Topic Study Groups provides a coverage of important topics in mathematics education Volume II consists of 50 invited lectures which present the work and reflections of both established and emerging researchers from around the world These lectures cover a wide spectrum of topics themes and issues that reflect the latest challenges and development in the field of mathematics education *Agricultural, Biosystems, and Biological Engineering Education* Umezuruike Linus Opara, 2024-09-30 Agricultural engineering developed as an engineering discipline underpinned by physics applies scientific principles knowledge and technological innovations in the agricultural and food industries During the last century there was exponential growth in engineering developments which has improved human wellbeing and radically changed how humans interact with each other and our planet Among these Agricultural Mechanization is ranked among the top 10 in a list of 20 Top Engineering Achievements of the last century that have had the greatest impact on the quality of life While many success stories abound the problems of low appeal among students identity crises and limited job opportunities in many climes continue to trouble the discipline's future in many parts of the world Yet agriculture and agricultural engineering remain fundamental to assuring food and nutrition security for a growing global population Agricultural Biosystems and Biological Engineering Education provides the first comprehensive global review and synthesis of different agricultural biosystems and biological engineering education approaches including a detailed exposition of current practices from different regions Key Features Describes novel approaches to curriculum design and reform Outlines current and emerging epistemology and pedagogies in ABBE education Provides a framework to grow

agricultural engineering in Africa and other developing regions Highlights the role of ABBE education in the context of the SDGs Presented in 3 parts and containing 42 chapters this book covers the historical evolution of agricultural engineering education and discusses the emergence of biological and biosystems engineering education It will appeal to engineers and other professionals education planners and administrators and policy makers in agriculture and other biological industries Chapters 4 11 19 32 and 41 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license The Mathematics Educator, 2006 *ICICKM 2017 14th International Conference on Intellectual Capital Knowledge Management & Organisational Learning* Prof. Eric Tsui, Prof. Benny Cheung, 2017-07-12 **Zimbabwe Journal of Educational Research**, 1992 **The Times Index**, 2007 Indexes the Times and its supplements *Resources in Education*, 1998 *Zimbabwe Books in Print*, 1993 *Antivirals: Advances in Research and Application: 2011 Edition*, 2012-01-09 Antivirals Advances in Research and Application 2011 Edition is a ScholarlyEditions eBook that delivers timely authoritative and comprehensive information about Antivirals The editors have built Antivirals Advances in Research and Application 2011 Edition on the vast information databases of ScholarlyNews You can expect the information about Antivirals in this eBook to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Antivirals Advances in Research and Application 2011 Edition has been produced by the world's leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www.ScholarlyEditions.com> The World of Science Education Femi S. Otulaja, Meshach B. Ogunniyi, 2017-09-12 Each volume in the 7 volume series The World of Science Education reviews research in a key region of the world These regions include North America South and Latin America Asia Australia and New Zealand Europe and Israel North Africa and the Middle East and Sub Saharan Africa The focus of this Handbook is on research in science education in mostly former British colonies in Sub Saharan Africa and the scholarship that most closely support this program The reviews of the research situate what has been accomplished within a given field in Sub Saharan Africa rather than an international context The purpose therefore is to articulate and exhibit regional networks and trends that produced specific forms of science education The thrust lies in identifying the roots of research programs and sketching trajectories focusing the changing face of problems and solutions within regional contexts The approach allows readers to review what has been done and accomplished what is missing and what might be done next *Developing Science, Mathematics, and ICT Education in Sub-Saharan Africa* Wout Ottevanger, J. J. H. van den Akker, Leo de Feiter, 2007-01-01 Developing Science Mathematics and ICT SMICT in Secondary Education is based on country studies from ten Sub Saharan African countries Botswana Burkina Faso Ghana Namibia Nigeria Senegal South Africa

Uganda Tanzania and Zimbabwe and a literature review It reveals a number of huge challenges in SMICT education in sub Saharan Africa poorly resourced schools large classes a curriculum hardly relevant to the daily lives of students a lack of qualified teachers and inadequate teacher education programs Through examining country case studies this paper discusses the lessons for improvement of SMICT in secondary education in Africa *Effective Mentoring and Supervision for Best Practices* Costain Tandi,Munyaradzi Mawere,Wilson Zivave,Pedzisai Goronga,Annah Moyo,2025-07-17 This volume offers a profound exploration of mentorship within Zimbabwe s educational framework emphasising the crucial phase of work integrated learning It assembles the insights of distinguished educators researchers and practitioners committed to enhancing teacher training through effective mentorship and supervision Through thoughtfully crafted chapters the book examines best practices in mentorship underscoring the significance of robust teacher student relationships culturally responsive pedagogy teamwork and the synthesis of theoretical knowledge with practical application Each chapter delves into essential elements of effective supervision such as building trust providing constructive feedback and fostering an inclusive teaching learning environment that honours diverse cultural contexts The book provides valuable strategies to boost student engagement enhance instructional effectiveness and encourage reflective practice among emerging educators Additionally the volume presents innovative approaches for immersing trainee teachers in meaningful hands on experiences that connect classroom learning with real world application Featuring contributions from a diverse array of voices in the field this book serves as an indispensable resource for teacher trainees mentor teachers educational leaders and policymakers Its goal is to equip those involved in teacher training with the skills necessary to cultivate the next generation of educators thereby improving the quality of education throughout Zimbabwe More than a guide this volume is a clarion call for transformative mentorship that acknowledges the significant impact of effective supervision on the future of teaching and learning Education Inputs in Uganda Harriet Nannyonjo,2007-01-01 This report is based on a study prompted by the need for improved effectiveness in the use of education resources in Uganda Uganda s problem with increasing resource constraints for education is common in many developing countries and the lessons learned in this study may be of broad interest Currently Uganda allocates over 31 percent of its discretionary recurrent expenditure to education and 67 percent of this is allocated to primary education Given increasing pressures on the budgets there is need to implement strategies focusing on those inputs most likely to improve student learning A major impediment to rational decision making in this area is lack of knowledge about what interventions work best and under what circumstances Without this knowledge Government may continue spending scarce resources on inputs that may not directly contribute to student learning achievement **Zimbabwe National Bibliography** ,1993 **Zimbabwe** H. Besada,2011-01-03 Formerly one of Africa s most promising economies Zimbabwe has begun a process of economic reconstruction after decades of political turmoil and economic mismanagement The advent of a national unity government in February 2009 launched a new but still tentative era of

political stability The government has a daunting political and economic agenda Top priorities include restoring the rule of law demonstrating fiscal responsibility and putting in place macroeconomic and structural reforms to win the confidence of domestic and international investors An optimistic time frame for its socio economic recovery is now estimated to be at least ten years Zimbabwe Picking Up the Pieces chronicles the steps that led to the downturn of the Zimbabwean state and economy before assessing what can be done to resuscitate a once thriving society Leading experts from and on the region explore the country s options on key governance issues from strengthening institutions to addressing food security to promoting private sector development to mobilizing donor country assistance This collection offers a unique glimpse into a fragile state and the severe costs Zimbabweans have and will have to endure if there is to be any hope of recovery
