Partners in Science Robert E. Kohler, 2020-02-22 Robert Kohler shows exactly how entrepreneurial academic scientists became intimate partners in science with the officers of the large foundations created by John D Rockefeller and Andrew Carnegie and in so doing tells a fascinating story of how the modern system of grant getting and grant giving evolved and how this funding process has changed the way laboratory scientists make their careers and do their work This book is a rich historical tapestry of people institutions and scientific ideas It will stand for a long time as a source of precise and detailed information about an important aspect of the scientific enterprise It also contains many valuable lessons for the coming years John Ziman Times Higher Education Supplement **Federal Register Index** ,2006 *Federal Register* ,1992-10

Technical Reports Awareness Circular : TRAC. ,1987-04 *The Prince* Stephen Maher,2025-09-02 Nominated for the Shaughnessy Cohen Prize for Political Writing The first comprehensive biography of Justin Trudeau as prime minister an honest compelling story of his government s triumphs and failures based on interviews with over 200 insiders and Trudeau himself As one of the longest surviving prime ministers and son of the legendary Prime Minister Pierre Elliott Trudeau Justin Trudeau is near royalty in Canada But how did this former high school teacher with no noteworthy accomplishments put together a team that managed to take over the Liberal Party and bring it from third place to a majority government in 2015 The Prince shows just that In this first comprehensive history of the Justin Trudeau government veteran journalist Stephen Maher takes readers behind the scenes of a tumultuous decade of Canadian politics Through hundreds of interviews with political insiders he describes how Trudeau a Canadian prince had the famous name the political instincts the work ethic and the confidence to overcome errors in judgment and build a global brand winning in the boxing ring and on the debate stage And then things changed as key people left the Trudeau team and the government lost direction Trudeau is an enigmatic figure a politician who has been in the public eye since childhood and seeks attention but has always concealed his actual feelings from those around him He has shown admirable strength and skill deftly handling Donald Trump in trade deals and international meetings and in leading Canada through the COVID 19 pandemic He has delivered substantial results for people within his political coalition the most successful attack on poverty in a generation real progress on climate change and a sustained application of money and political capital to Indigenous reconciliation Even as the government overcame major challenges however errors in judgment and personality conflicts wasted political capital Trudeau has struggled to manage his own office with devastating consequences and alienated people outside his coalition to the point where he can t hold a public event without protesters screaming curses at him The Prince takes readers behind the curtain as the government goes from triumph to embarrassment and back again revealing the people the conflicts and the struggles both in the government and on the opposition benches Above all it traces why this ambitious government led by a global media darling is now so unpopular it is in danger of imminent collapse *Report of the Committee Appointed to Enquire Into the*
