

PREFACE

A pen is mightier than a sword.

In the English O Level Paper 1 examination, students need to be accomplished essay writers who can weave intriguing and stimulating essays in order to excel in both Section One: Essay Writing and Section Two: Situational Writing.

This book will equip students who are sitting for the English O Level with the skills they need to excel in Paper 1. To become outstanding writers, students need to understand the various types of essay questions that are typically tested in the English O Level – they are namely: *Descriptive, Narrative, Personal Recount, Expository, Argumentative and Discursive*. As for Section Two: Situational Writing, students are typically tested on *Formal & Informal Letters, Speech, Report Writing, Article Writing and Proposal Writing*. It is vital that students have precise and thorough understanding of the unique characteristics of each category of essays.

In this book, students will be guided by explanations to help them comprehend the important and significant characteristics that define each category of writing. In addition, a series of questions have been specifically formulated to help students gain insights to plan and write the essays in the respective categories. Every single essay is modelled after commonly tested O Level questions. Every model essay has been carefully crafted to teach students a step-by-step thought process in planning the essay, before one commences to write the essay. Planning is as crucial as writing. Students will find concise notes that can help them become good writers.

For those who hold this book, you are holding a ticket to scoring a distinction in your English O Level. May your pen be the mightiest.

Shakespeare's Non-Standard English Norman Blake, Norman Francis Blake, 2006-08-22 Most scholarly attention on Shakespeare's vocabulary has been directed towards his enrichment of the language through borrowing words from other languages and has thus concentrated on the more learned aspects of his vocabulary. However, the bulk of Shakespeare's output consists of plays and to make these appear lifelike he needed to employ a colloquial and informal style. This aspect of his work has been largely disregarded apart from his bawdy language. This dictionary includes all types of non-standard and informal language and lists all examples found in Shakespeare's works. These include dialect forms, colloquial forms, non-standard and variant forms, fashionable words and puns. **Carpentry and Building**, 1899 **English Patents of Inventions, Specifications**, 1858 **Ebonics** United States.
