Education Reform in Florida Kathryn M. Borman, Sherman Dorn, 2012-02-01 In *Education Reform in Florida* sociologists and historians evaluate Governor Jeb Bush's nation leading school reform policies since 1999 They examine the startlingly broad range of education policy changes enacted in Florida during Bush's first term including moves toward privatization with a voucher system more government control of public education institutions with centralized accountability mechanisms and a superboard for all public education The contributors arrive at a mixed conclusion regarding Bush's first term education policies while he deserves credit for holding students to higher standards his policies have unfortunately pushed for equality in a very narrow way The contributors remain skeptical about seeing significant and sweeping improvement in how well Florida schools work for all students Florida Statistical Abstract 2010 ,2011 **Florida Statistical Abstract 2006** ,2006 **Climatological Data** United States.
