Thompson, Ruth O'Brien, Stuart Bevier Show, Willard Hull Wright, H. B. Raffenberger, 1930 It is the purpose of this publication to assist those interested in medicinal plant identification and to furnish other useful information in connection with the work No School Left Behind Wei Gao, Xianwei Liu, 2021-07-11 Based on the fieldwork carried out at two elementary schools Merits School and Pioneer School in northeastern China the monograph details how local schools enacted the New Mathematics Curriculum Reform that was launched in early 2000 The trajectory of the reform implementation at each school was plotted out Both schools resorted to a long standing quality control mechanism i.e. teaching norms to operationalize the reform ideas The mechanism functioned by placing teachers under measurable supervision and evaluation aligned with the reform The schools responded to the reform following school people's raising practical concerns as well as the established school culture Merits School

arrived at a two faced strategy to cope with the reform Pioneer School managed to maintain a balance between promoting reform pedagogy and maintaining good test rankings Both schools marginally involved parents in the implementation of the reform This study suggests that to achieve success reformers need to place equal emphasis on the transformation of teachers as well as local policymakers This book enriches the existing literature on the implementation of mathematics curriculum reform at the school level and brings insights into the schools implementation decisions which will appeal to policymakers curriculum researchers and administrators

Pioneers of the London School of Medicine for Women (1874-1947) Marelene Rayner-Canham, Geoff Rayner-Canham, 2022-02-24 This book presents the pioneering role of the women chemists at the London School of Medicine for Women LSMW The account is placed within the framework of the long forgotten background to the founding of this unique Institution and the individuals whose lives came together to make it happen Sophia Jex Blake Elizabeth Garrett Anderson Edith Pechey and Isabel Thorne The London School of Medicine for Women LSMW was the first School in Britain to enable women to gain medical qualifications Though its pioneering medical role is beginning to be recognized the Chemistry Department at the School has been totally overlooked All first year students at the LSMW had to spend a significant portion of their time taking theoretical and practical chemistry taught by dedicated women chemistry instructors In this book particular attention is given to each of these exceptionally talented women chemists who found a haven at and devoted their lives to the LSMW This book also covers the enthusiasm of the women medical students which becomes evident through the chemistry prose and poetry which they wrote This book will appeal to a wide readership interested in the early role of women in science and it is particularly relevant to those interested in the lives and contributions of pioneering women chemists
