14 Prca Rule Book

Daniel J. Wallace, Bevra Hahn

14 Prca Rule Book:

Rodeo as Refuge, Rodeo as Rebellion Elyssa Ford, 2020-11-23 From the Wild West shows of the nineteenth century to the popular movie Westerns of the twentieth century one view of an idealized and mythical West has been promulgated Elyssa Ford suggests that we look beyond these cowboy clichés to complicate and enrich our picture of the American West Rodeo as Refuge Rodeo as Rebellion takes us from the beachfront rodeo arenas in Hawai'i to the reservation rodeos held by Native Americans to reveal how people largely missing from that stereotypical picture make rodeo and America their own Because rodeo has such a hold on our historical and cultural imagination it becomes an ideal arena for establishing historical and cultural relevance By claiming a place in that arena groups rarely included in our understanding of the West African Americans Native Americans Mexican Americans Native Hawaiians and the LGBT community emphasize their involvement in the American past and proclaim their right to an American identity today In doing so these groups change what Americans know about their history and themselves In her journey through these race and group specific rodeos Ford finds that some see rodeo as a form of escape a refuge from a hostile outside world For others rodeo has become a site of rebellion a place to proclaim their difference and to connect to a different story of America Still others like Mexican Americans and the LGBT community look inward using rodeo to coalesce and celebrate their own identities In Ford's study of these historically marginalized groups she also examines where women fit in race and group specific rodeos and concludes that even within these groups the traditional masculinity of the rodeo continues to be promoted Female competitors may find refuge within alternate rodeos based on their race or sexuality but they still face limitations due to their gender identity Whether as refuge or rebellion rodeos of difference emerge in this book as quintessentially American remaking how we think about American history culture and identity

American Rodeo Kristine Fredriksson, 1985 Follows the evolution of rodeo from the range to Buffalo Bill's Wild West Show to the extravaganzas in modern times

The Communicator's Guide to Media Law and Ethics Mark Pearson, 2023-11-23 This book offers an introduction to the key legal and ethical topics confronting Australian journalists and strategic communicators both at home and internationally and offers a suite of reflective techniques for navigating them It starts by positioning morals ethics and the law in their historical and philosophical frameworks by tracing the evolution of free expression and professional media ethics Media law and ethics are then contextualized in their modern international human rights framework Readers are equipped with a skill set for reflecting on the law and ethics of professional media dilemmas including mindful reflection the Potter Box journaling concept mapping and discussion Such approaches are then applied to key topic areas including free expression reputation confidentiality privacy justice intellectual property national security discrimination and harassment and conflicted interests Each is examined in terms of its philosophical underpinnings relationship to human rights professional ethical context international examples legal principles key Australian laws legal cases and strategies for applying reflective practice techniques It concludes on a confident note

implores communicators to engage in constructive and mindful strategic communication with the authority and confidence that results from a working knowledge of media law and ethics This handbook is for professional communicators and students in all fields but particularly in journalism public relations corporate communication media relations and marketing
