The State Of the Union and Our Democracy? James Ameen Joher, 2006-11-30 The State of the Union is a book about the present leadership and the history that we have experienced from the 90s to 2006 The book is about politics government and the history of the nation Plus some of the things that are left out in the history books in a time when technology has improved for people to be free and able to report This book is for people to understand some of the history that you may have missed or have not kept up with the whole time I separated the book into the various chapters according to the dates they occurred and how I felt that day when I wrote it according to how I understood the news reports A lot of news has compiled and a lot of people are still very confused about the State of the Union and of the World The environment is going to be the biggest challenge for the future At the same time there is a common agreement that the government in the United States has misinformed us spent a lot borrowed money and there are officials that have abused their power Too many issues have come up and the government is having a difficult time on being fair and there is a growing movement in the United States for individuals to raise and become leaders The World is changing and this is a unique time Enjoy the book

Corporate Crime Under Attack Francis T. Cullen, Gray Cavender, William J. Maakestad, Michael L. Benson, 2014-09-25

In exploring the criminalization of corporations this book uses the landmark Ford Pinto case as a centerpiece for exploring corporate violence and the long effort to bring such harm within the reach of the criminal law Corporations that illegally endanger human life now must negotiate the surveillance of government regulators and risk civil suits from injured parties seeking financial compensation They also may be charged with criminal offenses and their officials sent to prison

Consumer Reports 2002 Consumer Reports,2003-02 Unsolved Problems in Number Theory Richard Guy,2013-03-09

Mathematics is kept alive by the appearance of new unsolved problems problems posed from within mathematics itself and also from the increasing number of disciplines where mathematics is applied This book provides a steady supply of easily understood if not easily solved problems which can be considered in varying depths by mathematicians at all levels of mathematical maturity For this new edition the author has included new problems on symmetric and asymmetric primes sums of higher powers Diophantine m tuples and Conway s RATS and palindromes The author has also included a useful new feature at the end of several of the sections lists of references to OEIS Neil Sloane s Online Encyclopedia of Integer Sequences About the first Edition many talented young mathematicians will write their first papers starting out from problems found in this book Andr s S rk zi MathSciNet **Crisis Management By Apology** Keith Michael

Hearit,2006-04-21 This volume examines the role of apologia and apology in response to public attack Author Keith Michael Hearit provides an introduction to these common components of public life and considers a diverse list of subjects from public figures and individuals to corporations and institutions He explores the motivations and rationales behind apologies and considers the ethics and legal liabilities of these actions Hearit provides case studies throughout the volume with many familiar examples from recent events in the United States as well as an international apology making case from Japan The broad perspective approach of this volume makes the content relevant and appealing to practitioners and scholars in public relations business communications and management It is a valuable text for courses that take a discursive approach to public relations and it also appeals to readers in business management examining apology as a response strategy to corporate crises
