Fighting Global Neo-Extractivism Jasper Finkeldey, 2022-08-02 Fighting Global Neo Extractivism Fossil Free Social Movements in South Africa analyzes social struggles over damaging new fossil fuel projects in the Global South with a focus on South Africa Africa s biggest fossil fuel emitter Fossil fuel extraction in South Africa has reached a new accelerated phase in which the fossil fuel frontier is moving beyond historical sacrifice zones into non traditional spaces such as conservation parks and middle class neighbourhoods and provoking fervent opposition from grassroots activists This book examines campaigns such as Frack Free South Africa and Save our iMfolozi Wilderness viewing them as struggles against neo extractivism driven by the state and industry Through a series of detailed case studies it highlights the shaping of mobilisation patterns by prior land use practices and the capacity to mobilize different social groups across race and class Developing the notion of the fossil fuel frontier as the material and political boundary that activists in South Africa and elsewhere in the world render visible this volume provides a theoretical framework to understanding global mobilization patterns This timely and impassioned book will appeal to students and researchers interested in a range of subjects including environmentalism social movements political ecology and development studies

Qanat Dale Lightfoot, 2024-08-22 Qanats are ubiquitous yet unseen and a clever way to create streams where none exist in nature For 3 000 years they have made life possible in impossible places and still sustain life and livelihoods in many countries today After 30 years of field research Dale Lightfoot provides the first comprehensive study of the qanat and sheds new light on their unique locations and distribution their origins and history their ecology current status and use Qanats are remarkably engineered underground aqueducts using gravity to bring water to villages and towns where reliable flowing surface water is scarce or absent Although an ancient technology more than 46 000 of them still flow around the world today with their sustainable nature making them a focus of renewed interest Richly illustrated with images and a series of original maps this is the most complete record to date of the locations and distribution of qanats worldwide including examples from the Middle East North Africa Europe Central Asia China India

Mexico and South America *Night Hunters* William Pace Head,2014-03-18 In *Night Hunters* air power historian William P Head provides the first detailed study of the development and deployment of the AC 130 gunship While other airframes and other types of close air support CAS and interdiction weapon systems preceded or flew with the AC 130s this four engine cargo airframe proved to be not only the longest serving fixed wing gunship but also the most effective by far During the Vietnam War the US military developed new tactics and weapons systems to counter a diversity of enemy tactics and geographic features the difficult climate and the shifting diplomatic context One of the most important was the development of the AC 130 Its ability to transport heavier payloads at higher altitudes across longer distances made it the logical choice to be the final Vietnam era fixed wing gunship and the only one that continues to fly missions in the twenty first century In addition it employed many of the most advanced weapons sensors targeting devices and fire control systems of the 1970s or of any era By recounting both the technical development and the combat operations of the plane and by looking at the proposed alternatives for its use in the War on Terror *Night Hunters* offers a clear view of the role of gunships and of close air support in US wars In today s never ending brushfire wars the AC 130s continue to uphold their reputation for excellence
