### **EFA Global Monitoring Report - 2013-2014 - Teaching and Learning Achieving quality for all**

UNESCO,2014-02-04 The 2013 2014 Education for All Global Monitoring Report shows that a lack of attention to education quality and a failure to reach the marginalized have contributed to a learning crisis that needs urgent attention Worldwide 250 million children many of them from disadvantaged backgrounds are not learning the basics Teaching and Learning Achieving Quality for All describes how policy makers can support and sustain a quality education system for all children regardless of background by providing the best teachers The Report also documents global progress in achieving Education for All goals and provides lessons for setting a new education agenda post 2015 In addition the Report identifies that insufficient financing is hindering advances in education *An Economic History of the United States* Mark V.

Siegler,2017-09-02 This pioneering textbook takes a thematic approach to the subject resulting in a comprehensive understanding of historic economic issues in the United States Siegler takes a thematic approach and provides both the theoretical foundations and historical background needed to gain an in depth understanding of the subject Every chapter examines a specific topic and the chapters are linked to each other to provide an overall view The chronological approach is represented with a useful timeline as an appendix to show where the specific topics fit in the chronology Chapter topics include long run causes of economic growth economic history of income and wealth inequality slavery segregation and discrimination immigration and immigration policies and an economic history of recessions and depressions This book is ideally suited as a primary text for undergraduate courses in US economic history as well as suitable courses on history degree programmes *Handbook of Academic Integrity* Sarah Elaine Eaton,2023-12-04 The book brings together diverse views from around the world and provides a comprehensive overview of academic integrity and how to create the ethical academy At the same time the Handbook does not shy away from some of the vigorous debates in the field such as the causes of academic integrity breaches There has been an explosion of interest in academic integrity in the last 20 30 years New technologies that have made it easier than ever for students to cut and paste coupled with global media scandals of high profile researchers behaving badly have resulted in the perception that plagiarism is on the rise This in combination with the massification and commercialisation of higher education has resulted in a burgeoning interest in the importance of academic integrity how to safeguard it and how to address breaches appropriately What may have seemed like a relatively easy topic to address students copying sources without attribution has in fact turned out to be a complex interdisciplinary field of research requiring contributions from linguists psychologists social scientists anthropologists teaching and learning specialists mathematicians accountants medical doctors lawyers and philosophers to name just a few Because of this broad interest and input this handbook serves as the single authoritative reference work which brings together the vast growing interdisciplinary and at times contradictory body of literature For both established researchers practitioners and those new

to the field this Handbook provides a one stop shop as well as a launching pad for new explorations and discussions The Quarterly Review of Economics and Finance ,2015 **Wall Street, Reforming the Unreformable** David E McClean,2015-10-06 McClean argues that a collective move towards stewardship within the financial industry is necessary to restore ethical behaviour and public confidence Drawing on practical examples and offering new policy recommendations this unique philosophical study paints a picture of what a truly ethical trading culture of the future might look like NTA UGC NET/JRF Economics Book 2024 - Concerned Subject : Paper II (English Edition) - 12 Mock Tests (1200 Solved Questions) EduGorilla Prep Experts,2024-06-01 Best Selling Book in English Edition for NTA UGC NET Economics Concerned Subject Paper II with objective type questions as per the latest syllabus given by the NTA Compare your performance with other students using Smart Answer Sheets in EduGorilla s NTA UGC NET Economics Concerned Subject Paper II Practice Kit NTA UGC NET Economics Concerned Subject Paper II Preparation Kit comes with 12 Mock Tests with the best quality content Increase your chances of selection by 16X NTA UGC NET Economics Concerned Subject Paper II Prep Kit comes with well structured and 100% detailed solutions for all the questions Clear exam with good grades using thoroughly Researched Content by experts *ECKM2015-16th European Conference on Knowledge Management* Maurizio Massaro and Andrea Garlatti,2015-09-02 These proceedings represent the work of researchers presenting at the 16th European Conference on Knowledge Management ECKM 2015 We are delighted to be hosting ECKM at the University of Udine Italy on the 3 4 September 2015 The conference will be opened with a keynote from Dr Madelyn Blair from Pelerei Inc USA on the topic The Role of KM in Building Resilience On the afternoon of the first day Dr Daniela Santarelli from Lundbeck Italy will deliver a second keynote speech The second day will be opened by Dr John Dumay from Macquarie University Sydney Australia ECKM is an established platform for academics concerned with current research and for those from the wider community involved in Knowledge Management to present their findings and ideas to peers from the KM and associated fields ECKM is also a valuable opportunity for face to face interaction with colleagues from similar areas of interests The conference has a well established history of helping attendees advance their understanding of how people organisations regions and even countries generate and exploit knowledge to achieve a competitive advantage and drive their innovations forward The range of issues and mix of approaches followed will ensure an interesting two days 260 abstracts were initially received for this conference However the academic rigor of ECKM means that after the double blind peer review process there are 102 academic papers 15 PhD research papers 1 Masters research papers and 7 Work in Progress papers published in these Conference Proceedings These papers reflect the continuing interest and diversity in the field of Knowledge Management and they represent truly global research from many different countries including Algeria Austria Bosnia and Herzegovina Brazil Canada Chile Colombia Cuba Cyprus Czech Republic Estonia Finland France France Germany Hungary India Indonesia Iran Ireland Italy Japan Jordan Kenya Lithuania Mexico Nigeria Norway Pakistan Poland Portugal
