ought to be used generally and in Syria It uses the Syrian context to evaluate the weaknesses of the system and why reform is needed It examines the UN institutional mechanisms the role they play and why a civilian protection system is needed It examines what mechanism ought to be set up to deal with the possible one million people who have been disappeared and detained in Syria The book will be a valuable resource for students academics and policy makers working in the areas of public international law international human rights law political science and peace and security studies **Indira Gandhi**
