Inequality, Class, and Economics Eric Schutz, 2022-01-24 The COVID 19 pandemic exposed the economic inequalities pervading every aspect of society and then multiplied them to a staggering degree In *Inequality Class and Economics* Eric Schutz illuminates the pillars undergirding the monstrous polarities which define our times revealing them as the structures of power that constitute the foundations of the class system of today's capitalism Employers power is the linchpin of that system but the power of professionals in all fields the power exerted by some businesses over others political power and the power of cultural institutions especially mass media and education are also critical for the class system today Each of these social power structures is examined closely and shown both to sustain and to be sustained by economic inequality Employing both traditional and novel approaches to public policy *Inequality Class and Economics* denounces economists' studied avoidance of the problem of class as a system of inequality based in unequal opportunity and exhorts us to tackle the heart of the problem at long last Back cover

Frans Rautenbach, 2017-08-18 What will it take to turn South Africa around? In this insightful and provocative book, Frans Rautenbach proposes a complete overhaul of policy thinking and provides fresh arguments that effectively address South Africa's unemployment, race problems and lack of education. Rautenbach examines the fundamental problem of rent seeking to which he proposes two antidotes: the free market and decentralisation of government. Along the way, he tackles holy cows such as affirmative action, trade unions, labour law and welfare payments. He also addresses contentious topics such as racism, white privilege, political correctness, state funding of higher education and mounting evidence that trade unions substantially suppress employment growth. Written by a labour lawyer with a proven track record in a range of policy issues, *South Africa Can Work* speaks effectively to a cross section of readers of all disciplines and brings sorely needed good news.

Vulnerability and Data Protection Law Gianclaudio Malgieri, 2023-04-01 Vulnerability has traditionally been viewed through the lens of specific groups of people such as ethnic minorities, children, the elderly or people with disabilities. With the rise of digital media, our perceptions of vulnerable groups and individuals have been reshaped as new vulnerabilities and different vulnerable sub-groups of users, consumers, citizens and data subjects emerge. *Vulnerability and Data Protection Law* not only depicts these problems but offers the reader a detailed investigation of the concept of data subjects and a reconceptualization of the notion of vulnerability within the General Data Protection Regulation. The regulation offers a forward-facing set of tools that, though largely underexplored, are essential in rebalancing power asymmetries and mitigating induced vulnerabilities in the age of artificial intelligence. Considering the new risks and potentialities of the digital market, the new awareness about cognitive weaknesses and the new philosophical sensitivity about the condition of human vulnerability, the author looks for a more general and layered definition of the data subject's vulnerability that goes beyond traditional labels. In doing so, he seeks to promote a vulnerability-aware interpretation of the GDPR. A heuristic analysis that reinterprets the whole GDPR, this work is essential for both scholars of data protection law and for policymakers looking to strengthen regulations and protect the data of vulnerable individuals.

European Review of Social Psychology: Volume 26 Miles Hewstone, 2017-10-23 The European Review of Social Psychology (ERSP) is an international open submission review journal published under the auspices of the European Association of Social Psychology. It provides an outlet for substantial theory-based reviews of empirical work addressing the full range of topics covered by the field of social psychology. Potential authorship is international and papers are edited with the help of a distinguished international editorial board. Articles published in ERSP typically review a programme of the author's own research as evidenced by the author's own papers.

published in leading peer reviewed journals The journal welcomes theoretical contributions that are underpinned by a substantial body of empirical research which locate the research programme within a wider body of published research in that area and provide an integration that is greater than the sum of the published articles ERSP also publishes conventional reviews and meta analyses All published review articles in this journal have undergone rigorous peer review based on initial screening and refereeing by the Editors and at least two independent expert referees

The Politics and Governance of Basic Education Brian Levy, Robert Cameron, Ursula Hoadley, Vinodhan Naidoo, 2018-09-05 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations All over the world economic inclusion has risen to the top of the development discourse A well performing education system is central to achieving inclusive development but the challenge of improving educational outcomes has proven to be unexpectedly difficult Access to education has increased but quality remains low with weaknesses in governance comprising an important part of the explanation The Politics and Governance of Basic Education explores the balance between hierarchical and horizontal institutional arrangements for the public provision of basic education Using the vivid example of South Africa a country that had ambitious goals at the outset of its transition from apartheid to democracy it explores how the interaction of politics and institutions affects educational outcomes By examining lessons learned from how South Africa failed to achieve many of its goals it constructs an innovative alternative strategy for making process combining practical steps to achieve incremental gains to re orient the system towards learning

Language as Statecraft Kate Spowage, 2024-07-18 This book examines the rise of English in Rwanda offering critical insights into the links between language colonialism and capitalism with implications for our understanding of global English Spowage takes an interdisciplinary approach drawing on political theory cultural materialism and critical sociolinguistics She positions language policy as an instrument for social reproduction and exploitation but also a site of struggle and contest Unravelling the complex history of language politics and policy in Rwanda Spowage elaborates a theory of language as statecraft This approach draws attention to the endurance of a colonial capitalist link between language and social class while illuminating the specific power of English in legitimising neoliberal political power and class hierarchies On this basis Spowage argues for a theoretical reimagining of the spread of English through the global English n buleuse a model which aims to capture the complex mechanisms that reinforce the dominance of English and to identify points where those mechanisms are fragile This innovative volume will be of interest to scholars in sociolinguistics global Englishes language and politics and African studies
