Reijers, 2016-07-25 This book constitutes the refereed proceedings of ten international workshops held in Innsbruck Austria in conjunction with the 13th International Conference on Business Process Management BPM 2015 in September 2015 The seven workshops comprised Adaptive Case Management and other Non workflow Approaches to BPM AdaptiveCM 2015 Business Process Intelligence BPI 2015 Social and Human Aspects of Business Process Management BPMS2 2015 Data and Artifact centric BPM DAB 2015 Decision Mining and Modeling for Business Processes DeMiMoP 2015 Process Engineering IWPE 2015 and Theory and Applications of Process Visualization TaProViz 2015 The 42 revised papers presented were carefully reviewed and selected from 104 submissions In addition four short papers and one keynote from TAProViz are also included in this book **Growth, Crisis, Democracy** Hideko Magara, Bruno Amable, 2017-07-14 Since the global financial crisis of 2008 advanced economies have been making various efforts to overcome the economic impasse While the contrast between the countries that have escaped from the crisis relatively quickly and those still suffering from serious problems is becoming clearer a new economic crisis stemming from newly emerging economies has again impacted advanced economies In retrospect both leftist and rightist governments in advanced economies pursued expansive macroeconomic and welfare policies from the post WWII period to the oil shocks of the 1970s While we recognise that the particular policy regime in this Golden Decades during which the left and the right implemented similar policies cross nationally were characterised by outstanding economic growth in each country the specific growth patterns varied across countries Different social coalitions underpinned different growth models This book is premised on tentative conclusions that Magara and her research collaborators have reached as a result of three years of study related to our previous project on economic crises and policy regimes Recognising the need to analyse fluid

and unstable situations we have set up a new research design in which we emphasise political variables whether political leaders and citizens can overcome the various weaknesses inherent in democracy and escape from an economic crisis by establishing an effective social coalition A new policy regime can be stable only if it is supported by a sufficiently large coalition of social groups whose most important policy demands are satisfied within the new policy regime
