2014 November Zimsec Examination Paper 2economics:

Making Politics in Zimbabwe's Second Republic Gordon Moyo, Kirk Helliker, 2023-05-16 The book provides a fresh and innovative interpretation of the new government of Zimbabwe led by Emmerson Mnangagwa which emerged in late 2017 after the downfall of Robert Mugabe. It demonstrates the contradictory character of the Mnangagwa government involving both continuities and discontinuities in relation to Mugabe's regime. The temptation amongst Zimbabwean scholars has been to focus on the continuities and to dismiss the significance of any discontinuities notably reform measures. This book adopts an alternative approach by identifying and focusing specifically on the existence of a formative project of the Mnangagwa's Second Republic further analysing its political significance as well as risks and limitations. While doing so the book covers topics such as reform measures reconciliation transitional justice corruption the media agriculture devolution and the debt crisis as well as health and education. Discussing the limitations of these different reform measures the book highlights that any scholarly failure to identify the risks of the project leads to an incomplete understanding of what constitutes the Mnangagwa's Second Republic. The book appeals to students scholars and researchers of Zimbabwean and African studies political science and international relations as well as policymakers interested in a better understanding of political reform processes.

The European Union and the BRICS Marek Rewizorski, 2015-06-10 This book explores the relations between the EU and the BRICS in the areas of politics economic development trade and security. The contributions cover topics such as the position of the EU and BRICS in the global order and the EU as a normative power as well as the evolution characteristics and institutionalization of BRICS and the roles of its member countries Brazil Russia India China South Africa. The book will appeal to researchers and scholars interested in the rise of BRICS and the resulting challenges and opportunities for the European Union and Global Governance.

The Political Economy of Xenophobia in Africa Adeoye O. Akinola, 2017-11-13 This book analyzes the phenomenon of xenophobia across African countries. With its roots in colonialism which coercively created modern states through border delineation and the artificial merging and dividing of communities xenophobia continues to be a barrier to post colonial sustainable peace and security and socio economic and political development in Africa. This volume critically assesses how xenophobia has impacted the three elements of political economy state economy and society. Beginning with historical and theoretical analysis to put xenophobia in context the book moves on to country specific case studies discussing the nature of xenophobia in Nigeria South Africa Zambia Ghana and Zimbabwe. The chapters furthermore explore both violent and non violent manifestations of xenophobia and analyze how state responses to xenophobia affects African states economies and societies especially in those cases where xenophobia has widespread institutional support. Providing a theoretical understanding of xenophobia and proffering sustainable solutions to the proliferation of xenophobia in the continent this book is of use to researchers and students interested in political science African politics peace studies security and development economics as well as policy makers working to eradicate xenophobia.

in Africa *War by Other Means* Robert D. Blackwill, Jennifer M. Harris, 2016-04-11 A Foreign Affairs Best Book of 2016 Today nations increasingly carry out geopolitical combat through economic means Policies governing everything from trade and investment to energy and exchange rates are wielded as tools to win diplomatic allies punish adversaries and coerce those in between Not so in the United States however America still too often reaches for the gun over the purse to advance its interests abroad The result is a playing field sharply tilting against the United States Geoeconomics the use of economic instruments to advance foreign policy goals has long been a staple of great power politics In this impressive policy manifesto Blackwill and Harris argue that in recent decades the United States has tended to neglect this form of statecraft while China Russia and other illiberal states have increasingly employed it to Washington s disadvantage G John Ikenberry Foreign Affairs A readable and lucid primer The book defines the extensive topic and opens readers eyes to its prevalence throughout history Presidential candidates who care more about protecting American interests would be wise to heed the advice of *War by Other Means* and take our geoeconomic toolkit more seriously Jordan Schneider Weekly Standard Post-colonial struggles for a democratic Southern Africa Carolyn Bassett, Marlea Clarke, 2017-06-26 National liberation one of the grand narratives of the twentieth century has left a weighty legacy of unfulfilled dreams This book explores the ongoing struggle for legitimate accountable political leaders in postcolonial Southern Africa focussing on dilemmas arising when ex liberation movements form the governments While the spread of multi party democracy to most countries in the region is to be celebrated democratic practice often has been superficial a limited elitist politics that relies on the symbols of the liberation struggle to legitimate de facto one party rule and authoritarian practices Using country cases from Tanzania Swaziland Zimbabwe South Africa and Zambia the collection explores three subthemes relevant to postcolonial governance in Southern Africa how the struggle for liberation shapes the character of political transformation the nature of rule in one party dominant states headed by former liberation movements and the processes of governance and resistance in post liberation contexts This book was published as a special issue of the Journal of Contemporary African Studies The Parliamentary Debates (Hansard). Great Britain. Parliament. House of Lords, 2014 *Constitutionalism and the Economy in Africa* Charles Manga Fombad, Nico Steytler, 2022 This volume looks at the relationship between constitutional law and the African political economy It tackles a range of issues from the impact of globalization to the State s role in the economy and the constitutional foundations for land and natural resources exploitation regulation and protection **Contemporary Development Ethics from an African Perspective** Beatrice Okyere-Manu, Stephen Nkansah Morgan, Ovet Nwosimiri, 2023-07-29 This book offers fresh academic insights reflections questions issues and approaches to development ethics taking into account African values and ethics Development ethics is an area of applied ethics that examines the moral issues involved in global social and economic transformation While it is a relatively new discipline there have been numerous scholarly publications on it from Western perspectives However only a few studies that focused on development ethics from the African perspective To

address this gap the book seeks to answer critical questions such as What does development mean to Africans How can we measure development Who gets to decide and What constitutes just development in Africa With contributions from African scholars from diverse backgrounds the book covers various development themes such as Theories and approaches to development ethics in Africa Environmental Ethics and African Development Ethics Politics and African Development Migration and African development Gender Ethics and Socio economic Development in Africa Education Ethics and African development It is an essential resource for researchers lecturers and students interested in political philosophy and African culture studies

State, Land and Democracy in Southern Africa Arrigo Pallotti,Corrado Tornimbeni,2016-03-03 Each country in southern Africa has a unique history but in all of them socio economic inequalities and high poverty levels weaken the governments legitimacy and represent a challenge to models of economic development One key issue appears to be the solution of the land question This vital concern affects both citizenship and democracy in the political systems of the region yet no government has shown the capacity or commitment to solve it In this volume leading

European American and African scholars explore in detail the relationship between state land and democracy They examine the historical background of asset allocation and its impact on questions of nationality the definition of citizenship human rights and the current political and economic processes in southern Africa African Economic Development Christopher Cramer, John Sender, Arkebe Oqubay, 2020 This book challenges conventional wisdoms about economic performance and possible policies for economic development in African countries Its starting point is the striking variation in African economic performance Unevenness and inequalities form a central fact of African economic experiences The authors highlight not only differences between countries but also variations within countries differences often organized around distinctions of gender class and ethnic identity For example neo natal mortality and school dropout have been reduced particularly for some classes of women in some areas of Africa Horticultural and agribusiness exports have grown far more rapidly in some countries than in others These variations and many others point to opportunities for changing performance reducing inequalities learning from other policy experiences and escaping the ties of structure and the legacies of a colonial past The book rejects teleological illusions and Eurocentric prejudice but it does pay close attention to the results of policy in more industrialized parts of the world Seeing the contradictions of capitalism for what they are fundamental and enduring may help policy officials protect themselves against the misleading idea that development can be expected to be a smooth linear process or that it would be were certain impediments suddenly removed The authors criticize a wide range of orthodox and heterodox economists especially for their cavalier attitude to evidence Drawing on their own decades of research and policy experience they combine careful use of available evidence from a range of African countries with political economy insights mainly derived from Kalecki Kaldor and Hirschman to make the policy case for specific types of public sector investment

Agriculture, Autonomous Development, and Prospects for Industrialization in Africa Emmanuel

Ndhlovu, 2025-03-06 The book investigates the intersection of agriculture and development in Africa and how it impacts rural industrialisation prospects It provides a comprehensive view of the position of agriculture in African socio economic activities and the agricultural sector's potential as the source for continental development and industrialisation prospects Significant research has been done on African development with a focus placed on the problematic role played by slavery colonialism and later by incompetent African leaders who failed to steer development of the type that delivers a progressive sustained and sustainable transformation of lives and societies There is limited focus on the possibility of agriculture being the potential basis of African development and the chance for industrialisation This is a matter of concern considering the dominance of agriculture as a livelihood and income source for many people on the continent In contributing to the debate on development in Africa this book aims to show how agriculture can serve as the basis for African development and industrialisation This will be achieved by i providing a detailed historical description of the position of agriculture in African socio economic activities ii outlining the trajectory of African development with a focus on agriculture innovation and

mechanisation iii identifying challenges to the development of African agriculture iv exploring the opportunities for agricultural development in Africa and v providing practical and policy recommendations to improve African agriculture and make it the engine for development and industrialisation Utilising a multidisciplinary approach which combines political economy social policy financial inclusion and empowerment approaches the book also shows how engagement of youth and women digitalisation and the provision of support by public and private actors can jump start agriculture as the engine of African development and industrialisation Taken together with this conscious effort to promote a multi disciplinary discussion the book is valuable reading for students policymakers and activists interested in emerging new directions in African development thinking and research
