Various, 2022-06-02 *The Circle of Knowledge* is an informative book that was designed in 1917 to be both inspiring and entertaining. The book represents the modern progressive spirit which fits that time in its forms of expression and its editorship. The purpose of this work is to answer the why, who, what, when, where, how of the wide majority of curious minds, both young and adult, and encourage them to raise further questions. Special measures were taken in creating this work to isolate essentials from non-essentials, to differentiate human interest subjects of universal significance from those of little concern, to deliver living truths instead of dead vocabulary, and finally to bring the whole within the knowledge of the intermediate reader without regard to age in an acceptable and exciting form. The use of visual outlines and tables, maps, drawings, and diagrams, the illustrated works of great painters, sculptors, and architects, all are used to give the reader the
