The book emphasizes the dynamics of the personal financial planning process by considering financial planning process by considering the impact of life changes birth marriage divorce job and career and death. The book serves individuals who are or will be actively developing their own personal financial plans. It meets the needs of instructors and students in the first course in personal financial planning often called personal finance offered at colleges and universities junior and community colleges professional certification programs and continuing education courses. Pref *Instructor's Manual to Accompany Gitman: Principles of Managerial Finance* Lawrence Jeffrey Gitman, Cherie Mazer, 1985 **The Tools & Techniques of Financial Planning** Stephan R. Leimberg, 2002 Armed Forces Guide to Personal Financial Planning Hobart B. Pillsbury, Robert H. Baldwin, Jr., 1987 Financial Management: Principles and Applications J William Petty, Sheridan Titman, Arthur J Keown, Peter Martin, John D Martin, Michael Burrow, 2015-05-20
The sixth edition of Financial Management provides students with an overview of financial management suited to the first course in finance. The focus of the text is on the big picture providing an introduction to financial decision making grounded in current financial theory and the current state of world economic conditions. Attention is paid to both valuation and capital markets as well as their influence on corporate financial decisions. The 10 basic principles of finance are introduced in the first chapter and woven throughout the text to give students a solid foundation from which to build their knowledge of finance. The goal of this text is to go beyond teaching the tools of a discipline or a trade and help students gain a complete understanding of the subject. This will give them the ability to apply what they have learnt to new and as yet unforeseen problems in short to educate students in finance. **Principles of Managerial Finance** Lawrence J Gitman, Roger Juchau, Jack Flanagan, 2015-05-20
Once again Principles of Managerial Finance brings you a user friendly text with strong pedagogical features and an easy to understand writing style. The new edition continues to provide a proven learning system that integrates pedagogy with concepts and practical applications making it the perfect learning tool for today's students. The book concentrates on the concepts techniques and practices that are needed to make key financial decisions in an increasingly competitive business environment. Not only does this text provide a strong basis for further studies of Managerial Finance but it also incorporates a personal finance perspective. The effect is that students gain a greater understanding of finance as a whole and how it affects their day to day lives. It answers the question Why does finance matter to ME. By providing a balance of managerial and personal finance perspectives clear exposition comprehensive content and a broad range of support resources Principles of Managerial Finance will continue to be the preferred choice for many introductory finance courses.
